FOREWORD

“Transportation disadvantaged” (TD) means those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are handicapped or high-risk or at-risk as defined in the Florida Statutes s. 411.202.

In 1979, Florida’s TD Program was created and reenacted in 1989. The Florida Commission for Transportation Disadvantaged (CTD) requires that a Transportation Disadvantaged Service Plan (TDSP) be developed and maintained for each service area recognized by the CTD. A new full TDSP is due within 120 calendar days after the execution of the initial Memorandum of Agreement (MOA) designating a Community Transportation Coordinator (CTC). The CTD created the TD Local Coordinating Board (LCB) to enhance local participation in the planning and delivery of coordinated transportation services.

A MOA between the CTD and the Palm Beach County Board of County Commissioners (BCC) went into effect on July 1, 2017 designating Palm Tran as the Palm Beach County CTC for fiscal years 2018 through 2022. Palm Tran provides both the fixed-route bus service and door-to-door paratransit service to eligible riders within Palm Beach County through Palm Tran Connection under the direction of the BCC in conjunction with the Palm Beach Transportation Planning Agency (TPA) and the LCB, with input from the user community. Palm Tran Connection provides client registration, eligibility verification, trip reservation, in-house dispatch, monitoring of complaints and commendations, trip scheduling and carrier contract management responsibilities.

The Palm Beach TPA serves as the Designated Official Planning Agency (DOPA) for Palm Beach County and is responsible for conducting the continuous, cooperative and comprehensive transportation planning and programming in accordance with the provisions of 23 U.S.C. s. 134, as provided in 23 U.S.C. s. 104(f)(3).

The following document was developed by the Palm Beach TPA and Palm Tran per the CTD TDSP Instruction Manual and covers the MOA five year period. The TDSP will undergo annual updates for years two through five, due prior to July 1 of each subsequent year. The development and submission of the Service Plan and annual updates are the responsibility of the CTC, Planning Agency, and the LCB. This TDSP serves as a comprehensive operational guidebook outlining the services and service parameters that govern public transportation for the TD service in Palm Beach County, Florida.

LOCAL COORDINATING BOARD MEMBERSHIP

PALM BEACH COUNTY COORDINATING BOARD MEMBERSHIP CERTIFICATION

Name (TPA/DOPA): Palm Beach Transportation Planning Agency
 Address: 2300 N. Jog Road, 4th Floor
West Palm Beach, Florida 33411-2749

The Transportation Planning Agency/Designated Official Planning Agency named above hereby certifies to the following:

1. The membership of the Local Coordinating Board, established pursuant to Rule 41-2.012(3), FAC, does in fact represent the appropriate parties as identified in the following list; and
2. The membership represents, to the maximum extent feasible, a cross section of the local community.

SIGNATURE: Alyssa Frank DATE: 1/26/19

REPRESENTATION	MEMBER'S NAME	ALTERNATE'S NAME	TERM
1. CHAIR	Steven Grant*	N/A	
2. ELDERLY	Angie Morlok	Vacant	Sep 18 – Sep 21
3. DISABLED	Robert Goodman	Vacant	May 18 – May 21
4. CITIZEN ADVOCATE	Tomas Boiton**	Vacant	Apr 17 – Apr 19
5. CITIZEN ADVOCATE/USER	Tekesha Saffold	Vacant	Dec 17 – Dec 20
6. FL DEPT. OF VETERAN'S AFFAIR	Angela Choice	Vacant	Dec 18 – Dec 21
7. PALM BEACH COUNTY COMMUNITY ACTION	David Rafaidus	Vacant	Apr 17 – Apr 19
8. PUBLIC EDUCATION (PBC School District)	Laura Schultze	Vacant	Feb 18 – Feb 21
9. FLORIDA DEPT. OF TRANSPORTATION	Marie Dorismond	Wibet Hay	Feb 17 – Feb 20
10. DEPT. OF CHILDREN & FAMILY SERVICES	Vacant	Vacant	N/A
11. FL DEPT. EDUCATION/DIV. OF VOCATION REHAB.	Vacant	Vacant	N/A
12. AGENCY FOR PERSONS WITH DISABILITIES	Milory Senat	Vacant	May 17 – May 19
13. PRIVATE TRANSPORTATION INDUSTRY	Jayson Babel	Vacant	Oct 18 – Oct 21
14. FL AGENCY FOR HEALTH CARE ADMINISTRATION	Maria Hernandez	Marielisa Amador	Dec 15 – Dec 18
15. AREA AGENCY ON AGING	Tessie Watts	Vacant	May 17 – May 19
16. WORKFORCE DEVELOPMENT BOARD	Elsa DeGoias	Vacant	Feb 18 – Feb 21
17. LOCAL MEDICAL COMMUNITY	Sharon Greene	Vacant	Apr 17 – Apr 19

Development Plan

A. Introduction to the Service Area

1. Background of the Transportation Disadvantaged Program

“Transportation Disadvantaged” (TD) describes those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities or are children who are handicapped, high-risk, or at-risk as defined in F.S. 411.202.

In 1979 Chapter 427, Florida Statutes (F.S.), created a Coordinating Council to foster the coordination of TD transportation services. In 1989, the Coordination Statue was amended to create the Commission for Transportation Disadvantaged (CTD) and a first-time dedicated TD Trust Fund. The CTD was created as an independent agency located within the Florida Department of Transportation (FDOT) for administrative and fiscal purposes. In all respects, the CTD operates independently with rule-making as well as budget authority and administers the TD Trust Fund. These rules and regulations were later amended and adopted again in 1992 and 1993 as per Rule 41-2, Florida Administrative Code (F.A.C.). This code details the day-to-day requirements and responsibilities for activities mandated under Chapter 427, F.S. For additional information regarding governmental rules, regulations and programs related to TD transportation see Appendix B.

2. Community Transportation Coordinator Designation Date / History

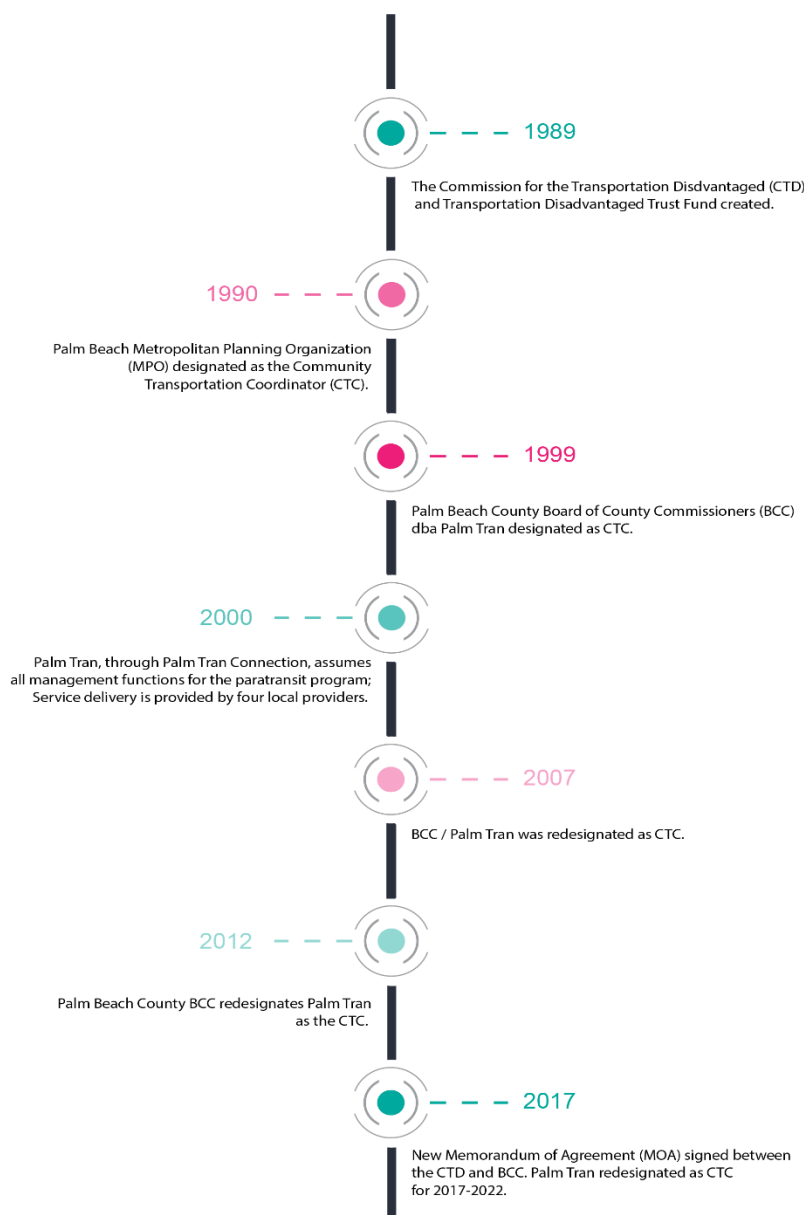

The Metropolitan Planning Organization (MPO) or Designated Official Planning Agency (DOPA) in each county is involved in the planning activities of their county TD programs. In 1990 the Palm Beach MPO was designated as the Community Transportation Coordinator (CTC). In 1999 the Palm Beach County Board of County Commissioners (BCC) was designated as the CTC with Palm Tran, through Palm Tran Connection, as the TD service provider. Since then, Palm Tran has served as the CTC for Palm Beach County, designated by the Palm Beach Transportation Planning Agency (TPA), previously named the MPO, through review and recommendation by the Local Coordinating Board (LCB). On July 1, 2017 a new Memorandum of Agreement (MOA) between the BCC and the CTD went into effect designating Palm Tran as the CTC for fiscal years 2018-2022. This MOA can be found in Appendix A.

Local Coordinating Board

LCB membership is established pursuant to State of Florida Rules 41-2.012 (3) F.A.C. Voting membership of the LCB consists of an elected official serving as the Chair, advocates representing citizens, elderly, persons with disabilities, and local and state representatives of agencies. A primary responsibility of the LCB is to annually perform an evaluation of the CTC, which the CTD must then approve. Each LCB acts as an advisory body to the CTC. Other responsibilities of the LCB are to identify local service needs and provide information, advice and direction to the CTC. Yearly, or as often as needed due to membership changes, the TPA Board signs and provides the CTC a certification of current membership representation. The current LCB Certification is provided on Page 4 of this document.

Palm Beach County Community Transportation Coordinator Timeline

3. Organization Charts

An organization chart outlining the provision of TD services in Palm Beach County as well as Palm Tran's organization chart are included in Appendix C.

4. Consistency Review of Other Plans

As required for the TDSP, the following documents have been reviewed:

- Palm Beach County Comprehensive Plan
- Regional Long Range Transportation Plan
- Palm Tran Transit Development Plan
- Tri-Rail Transit Development Plan
- CTD 5 Year/20 Year Plan
- Palm Beach TPA Long Range Transportation Plan
- Transit Improvement Program

Consistency with these plans was assured through the efforts of Palm Beach TPA and Palm Tran staff.

a. Palm Beach County Comprehensive Plan

It is the goal of Palm Beach County to provide an interconnected multimodal transportation system which moves people, goods, and services in a safe, efficient, convenient and economical manner with minimal adverse impact to the environment.

b. Regional Long Range Transportation Plan

The 2040 Southeast Florida Regional Transportation Plan (RTP) identifies the most significant transportation investments needed to meet growing travel demands throughout the Southeast Florida region (Broward, Miami-Dade, and Palm Beach Counties).

c. Palm Tran Transit Development Plan

The 2017-2026 Palm Tran Transit Development Plan (TDP) includes a description of the transit agency's vision for public transportation; a clearly defined set of goals, objectives, strategies, and measures of effectiveness; a detailed assessment of transit needs; and a staged implementation plan that prioritizes improvements. The TDP also includes a review of existing operations, organizational structure, as well as the development of a 10-year funding plan. The TDP is a policy document that integrates transit agency goals with those of adopted plans, including the TPA's Long Range Transportation Plan and the County's Comprehensive Plan.

d. South Florida Regional Transportation Authority Transit Development Plan

The FY 2017-2026 South Florida Regional Transportation Authority (SFRTA) Transit Development Plan (TDP) covers the Tri-Rail and shuttle service provided from Palm Beach County to Miami-Dade County. The TDP includes a history of the agency, existing transportation services, operating budget and forecast, as well as a 10-year capital plan.

e. Commission for the Transportation Disadvantaged 5 Year/20 Year Plan

- The Commission for the Transportation Disadvantaged 5 Year/20 Year Plan vision calls for public outreach strategies to encourage participation by stakeholders in the community, individuals from the public, private and non-profit sectors in the development and continuation of coordinated planning:
- A coordinated, cost-effective, multi-modal system utilizing public-private partnerships;
- A uniform funding system with a single eligibility process; and
- Regional design and implementation of service.

f. TPA Long Range Transportation Plan

The 2040 Directions Palm Beach TPA Long Range Transportation Plan (LRTP) addresses several transit and alternative transportation issues, taking into consideration the expansion of Tri-Rail and Palm Tran Fixed Route bus service. The LRTP identifies transportation improvements which lead to the development of an integrated inter-modal transportation system. The plan looks at the need for major investment studies, the recommendation of the bicycle and pedestrian plans, any transportation enhancement activities, and identifies financing strategies to bring about the implementation of the plan.

g. Transportation Improvement Program

The Transportation Improvement Program (TIP) is a five-year planning program prepared by the TPA in coordination with FDOT that identifies transportation improvements funded by Federal, State and local sources in order to assist local governments within Palm Beach County with their transportation planning efforts.

5. Public Participation

Representatives of the public, private, and non-profit transportation and human service providers, as well as members of the public are provided the opportunity to participate in the development and update of the TDSP through public comment and discussion at the quarterly LCB meetings. Information regarding these meetings and reports are disseminated through various means of communication such as US-mail, E-mail, newspaper articles and announcements, as well as through the TPA and Palm Tran websites. Public outreach activities coordinated by Palm Tran, Palm Tran Connection and the Palm Beach TPA are documented and maintained by each agency.

B. Service Area Profile/Demographics

1. Service Area Description

Palm Beach County comprises a total area of approximately 2,386 square miles, measuring approximately 45 miles from North to South and 53 miles from East to West. There are a total of 39 municipalities in the county which accounts for 55% of where the population resides. The five largest cities are West Palm Beach, Boca Raton, Boynton Beach, Delray Beach and Wellington. Residents of the unincorporated areas of the County account for 45% of the total population. Public Transportation mostly services the more densely populated eastern portion of the county. Paratransit is available county-wide for eligible riders. Tri-Rail provides transit service along the eastern coast of south Florida from Palm Beach County south to Miami-Dade County. In February 2018, Brightline, a new high speed train, began operations with service from West Palm Beach to Fort Lauderdale West Palm Beach to Fort Lauderdale and Miami.

Table 1 – Population Densities for Palm Beach County’s Largest Cities

*Source: Palm Beach County, US Census Bureau, 2017 Census SF1

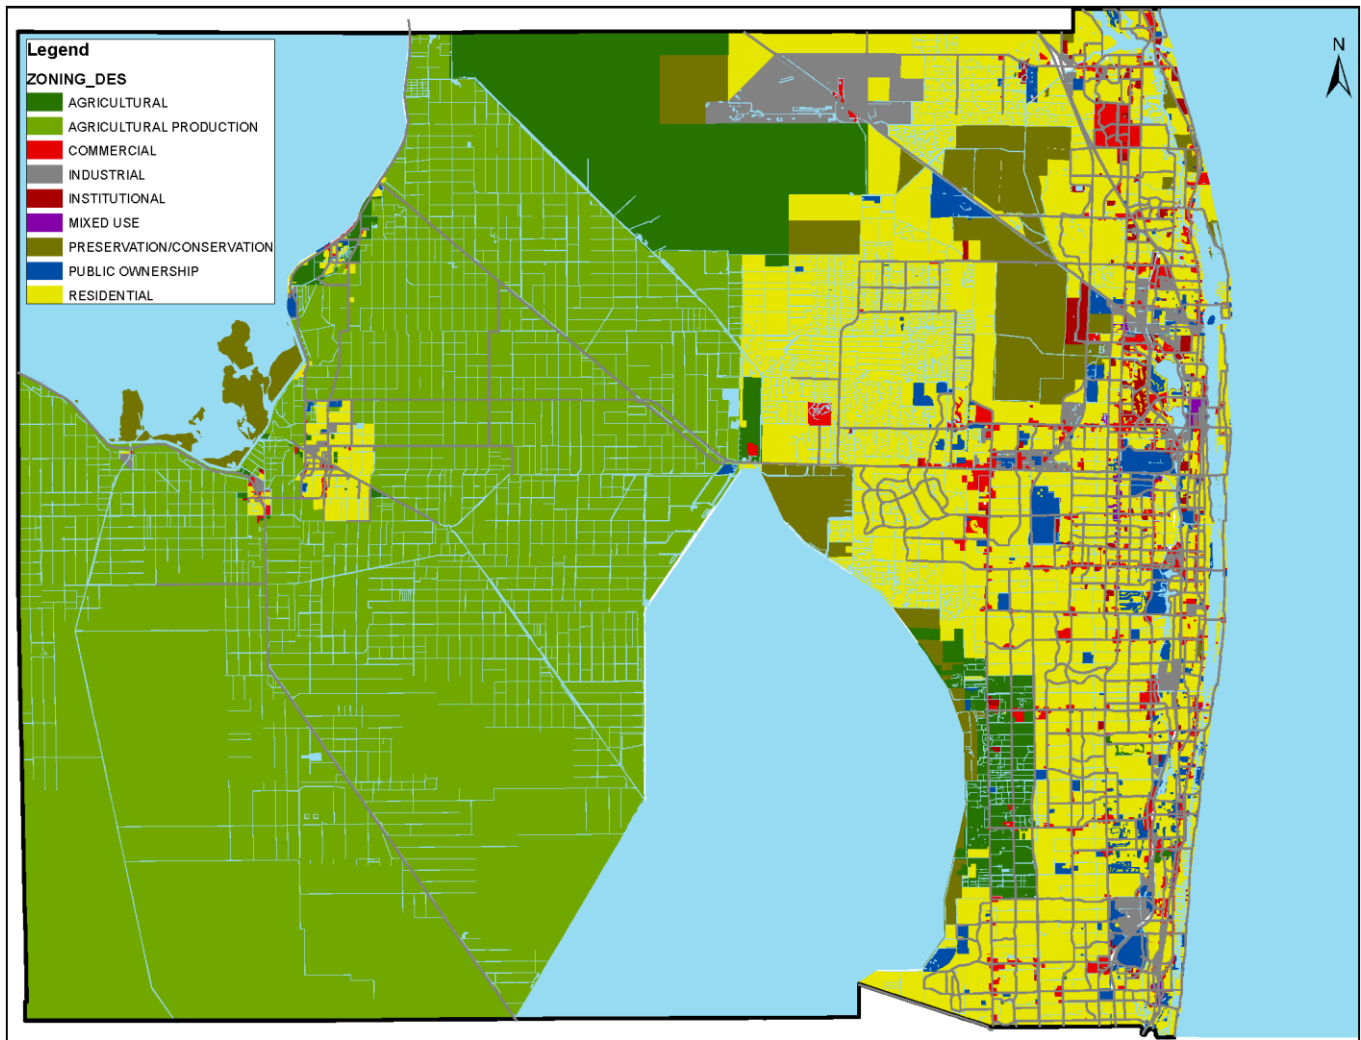

Municipality	Population Per Sq. Mile
Boca Raton	3,132.9
Boynton Beach	4,694.7
Delray Beach	4,174.7
Wellington	1,422.4
West Palm Beach	1,899.2

2. Demographics

a. Land Use

Palm Beach County's urbanized area is concentrated along the eastern side of the county with a variety of mixed uses that are mainly low density with activity centers scattered throughout. Many of the residential communities in the county's urban area are gated, which creates challenges to access fixed route transit service. The central and western areas of the county consist of primarily farmlands and wetlands, with the Glades rural communities located in the westernmost portion of the county along the southeast border of Lake Okeechobee.

b. Population/Composition

According to the 2017 US. Census estimates, the population of Palm Beach County is ranked third in the state of Florida, at 1,471,150. The expansion west has created a barrier to transportation due to the popularity of gated communities. The only form of public transit for TD residents in these communities is paratransit. Palm Beach County encourages the usage of the Palm Tran fixed route system, to all residents, before they apply for the Connection Services, and those are primarily for the Transportation Disadvantaged.

The rate of population increase in the leading indicator of Florida's growth. Since 1950, Palm Beach County's population has increased by 1,282% from 114,700 to 1,471,150 in the year 2017. Due to the size of the county, the western cities are more than 45 miles away from downtown West Palm Beach. Palm Tran is the only public transportation system connecting the western communities to the east.

Table 2 - Distribution of Age Groups

Source: Palm Beach County, US Census Bureau, 2017 Census SF1

Under 5	5.1%
5 to 14	3.5%
15 to 17	3.5%
18 to 24	7.8%
25 to 29	6.0%
30 to 34	5.7%
35 to 39	5.7%
40 to 44	5.9%
45 to 49	6.5%
50 to 54	7.0%
55 to 59	6.7%
60 to 64	6.1%
65 and older	23.0%

Table 3 – Annual Household Income Distribution

Source: Palm Beach County, US Census Bureau, 2017 Census SF1

Total Households	543,591
Less than \$10,000	6.0%
\$10,000 to \$14,999	4.3%
\$15,000 to \$24,999	10.3%
\$25,000 to \$34,999	10.1%
\$35,000 to \$49,999	13.3%
\$50,000 to \$74,999	17.4%
\$75,000 to \$99,999	11.5%
\$100,000 to \$149,000	13.3%
\$150,000 to \$199,999	5.9%
\$200,000 or more	8.0%

Table 4 – Educational Attainment

Source: Palm Beach County, US Census Bureau, 2017 Census SF1

Population 25 years and over	1,037,150
Less than 9th grade	5.9%
9th to 12th grade, no diploma	6.0%
High school graduate	24.9%
Some college, no degree	19.6%
Associate's degree	8.8%
Bachelor's degree	21.8%
Graduate or professional degree	13.0%

c. Employment

Population and employment trends form a dependent relationship. The growth of population in unincorporated areas led to a larger number of work trips made within lower density areas creating a greater demand for single-occupant vehicle travel. Additionally, the increase of jobs in suburban areas has made providing transit services difficult because of low densities. Table 5 depicts the labor force and employment distribution for Palm Beach County.

Table 5 – Labor Force

Source: Palm Beach County, US Census Bureau, 2017 Census SF1

Population 16 and older	1,181,503
Labor Force	59.9%
Employed	55.5%
Unemployed	4.4%

d. Major Trip Generators/Attractors

Attractors such as employment, medical appointments and shopping make the use of transit a viable alternative to paratransit when they are conveniently located along bus routes. Schools, shopping and employment centers, hospitals, etc. have been identified and are depicted along with the transit service area. Palm Tran utilizes major attractors, i.e., Wellington Green Mall, as timed transfer points for their system. Palm Tran schedules the routes to arrive and depart with limited layover time at transfer points. A significant issue in a rapidly developing county such as Palm Beach is that jobs and services follow the new residential construction, usually away from the traditional, established transit corridors.

The following represents the ten (10) largest trip generators, in descending order, in Palm Beach County; Palm Beach Habilitation Center, Mid County Senior Center, Boca Habilitation Center, North County Senior Center, the VA Medical Center, Goodwill Mangonia Park, ELS Center of Excellence, the ARC CTP, JARC Living and Learning Center, and Gulfstream Goodwill Life Academy. In addition, the four major malls in the county are another major attractor (Palm Beach Gardens, Boynton Beach, Wellington and Town Center malls). Mizner Park in Boca Raton, Atlantic Avenue in Delray Beach, City Place and Clematis Street in West Palm

Beach, Legacy Place and Downtown at the Gardens in Palm Beach Gardens, and Abacoa in Jupiter are all major upscale entertainment/shopping areas that equate to heavy ridership.

Routes 1, 2 and 3 are the heaviest traveled fixed routes. They cover the major North/South corridors of the county and have the most convenient headways of as little as 20 minutes. Route 1 runs on Federal Highway/Dixie/Broadway (US 1). Route 2 runs on Congress Avenue and Route 3 runs on Military trail.

Table 6 – Vehicle Availability

Source: Palm Beach County, US Census Bureau, 2017 Census SF1

Occupied housing units	543,591
No vehicles available	6.4%
1 vehicle available	42.1%
2 vehicles available	38.4%
3 or more vehicles available	13.1%

e. Inventory of Available Transportation Services

See Appendix D.

C. Service Analysis

This section presents a needs assessment and demand estimates for transportation services among the TD population in Palm Beach County. In 2013, the National Center for Transit Research (NCTR) at the Center of Urban Transportation Research (CUTR) developed a new paratransit service demand model. This tool replaces the 20 year old, May 1993 CUTR developed Methodology Guidelines for Forecasting TD at the county level, which the CTD used to refer transit planners to for forecasting purposes. The new demand model accounts for the following impacts:

- Americans with Disabilities Act of 1990
- Florida Medicaid
- Census Data Availability
- Trip Rate Assumptions
- TD Trip Definitions

1. TD Forecasts

The NCTR CUTR model was used to forecast the TD Population calculations displayed in Table 7 below for Palm Beach County.

2. Needs Assessment

Table 7 – Forecast of TD Population Calculations in Palm Beach County

Source: CUTR 2013 Model, US Census Bureau, 2017 Census SF1

General TD Population	2015	2016	2017	2018	2019	2020	2021	2022	2023
A - Estimate elderly/non-disabled/not low income	103,318	104,651	106,002	107,369	108,754	110,158	111,579	113,018	114,477
B - Estimate non-elderly/disabled/not low income	62,633	63,442	64,260	65,089	65,929	66,780	67,641	68,514	69,398
C - Estimate low income/not elderly/not disabled	122,134	123,709	125,305	126,922	128,560	130,218	131,898	133,600	135,324
D - Estimate elderly/disabled/not low income	95,551	96,783	98,032	99,297	100,578	101,876	103,190	104,522	105,870
E - Estimate non-elderly/disabled/low income	20,032	20,291	20,552	20,817	21,086	21,358	21,634	21,913	22,196
F - Estimate elderly/non-disabled/low income	140,448	142,260	144,096	145,955	147,838	149,745	151,677	153,634	155,617
G - Estimate elderly/disabled/low income	11,186	11,330	11,477	11,625	11,775	11,927	12,081	12,236	12,394
TD POPULATION	555,302	562,467	569,724	577,075	584,520	592,062	599,700	607,438	615,275
TOTAL POPULATION	1,488,433	1,507,637	1,527,088	1,546,791	1,566,748	1,586,962	1,607,437	1,628,176	1,649,183

Palm Tran Connection has over 42,877 eligible riders in their data base with more than 15,500 active riders. This number includes TD and ADA riders as some riders qualify for more than one program. Statistics have indicated that each TD Rider averages 72 trips per year.

Three (3) block group analyses shown in Appendices E, F, and G provide a visual representation of the current conditions that exist for the transit dependent populations in Palm Beach County. Appendix E depicts the 2017 American Community Survey (ACS) block groups with high proportions of seniors. Appendix F shows 2017 ACS Survey block groups with percentage of residents below the poverty level. Appendix G shows the distribution of minorities in the County.

3. Barriers to Coordination

The large undeveloped area that divides the eastern urban communities from the western rural communities creates challenges for operating an efficient and convenient transportation system across the entire county. A possibility to consider for future transportation coordination, is the utilization of Transportation Network Companies (TNCs). These companies, like Uber and Lyft, provide door to door service at a relatively low price. The incorporation of these

in future plans would lead towards more economic opportunities and decrease the vehicle congestion on the roadways.

The use of a modified grid route system, timed transfer points, better access to Tri-Rail, new equipment, and new operations and administrative centers have improved Palm Tran service across the county. The greatest cost savings has been achieved by multi-loading passengers. This efficiency factor is defined by the amount of passengers per hour on each respective paratransit vehicle. The Schedulers must go through over 200 routes a day to group trips manually. To help savings in the cost, Palm Tran encourages customers whom are able to access the fixed route service, to utilize it.

Productivity is achieved while following the TD standard for adequate seating. Adequate seating is to be provided to each rider and escort, child, or Personal Care Attendant (PCA) and no more passengers than the registered passenger seating capacity is scheduled or transported in a vehicle at any time.

The Schedulers have created innovative practices in improving the communication between the schedulers and the service on the road including:

- Inviting the drivers to review their routes and use that dialogue to improve routing;
- Visiting agencies such as the VA Medical Center, Habilitation centers and other highly traveled agencies to insure effective routing for their customers;
- One schedule is dedicated to the 39 Dialysis Centers to ensure the customers going to life-sustaining treatments are transported in the most expedient manner;
- Routinely riding the routes to note the performance and make any necessary changes;
- Continuously monitoring the total number of vehicles required for group trips by maximizing the vehicle capabilities to match that of the demand and standardizing the drop off and return times for the group trips; and
- Diligently maintaining an anchored level of 95% or better for all subscription trips, where the trips are assigned to the same route thus enabling the service to have

increased efficiencies for demand trips and providing for a high level of consistency for the subscription trips.

a. TD Population Calculations

Figure 1 identifies groups of individuals who create the “General TD” population and “Critical Need” populations. Critical Need populations are those that fall into more than one TD category.

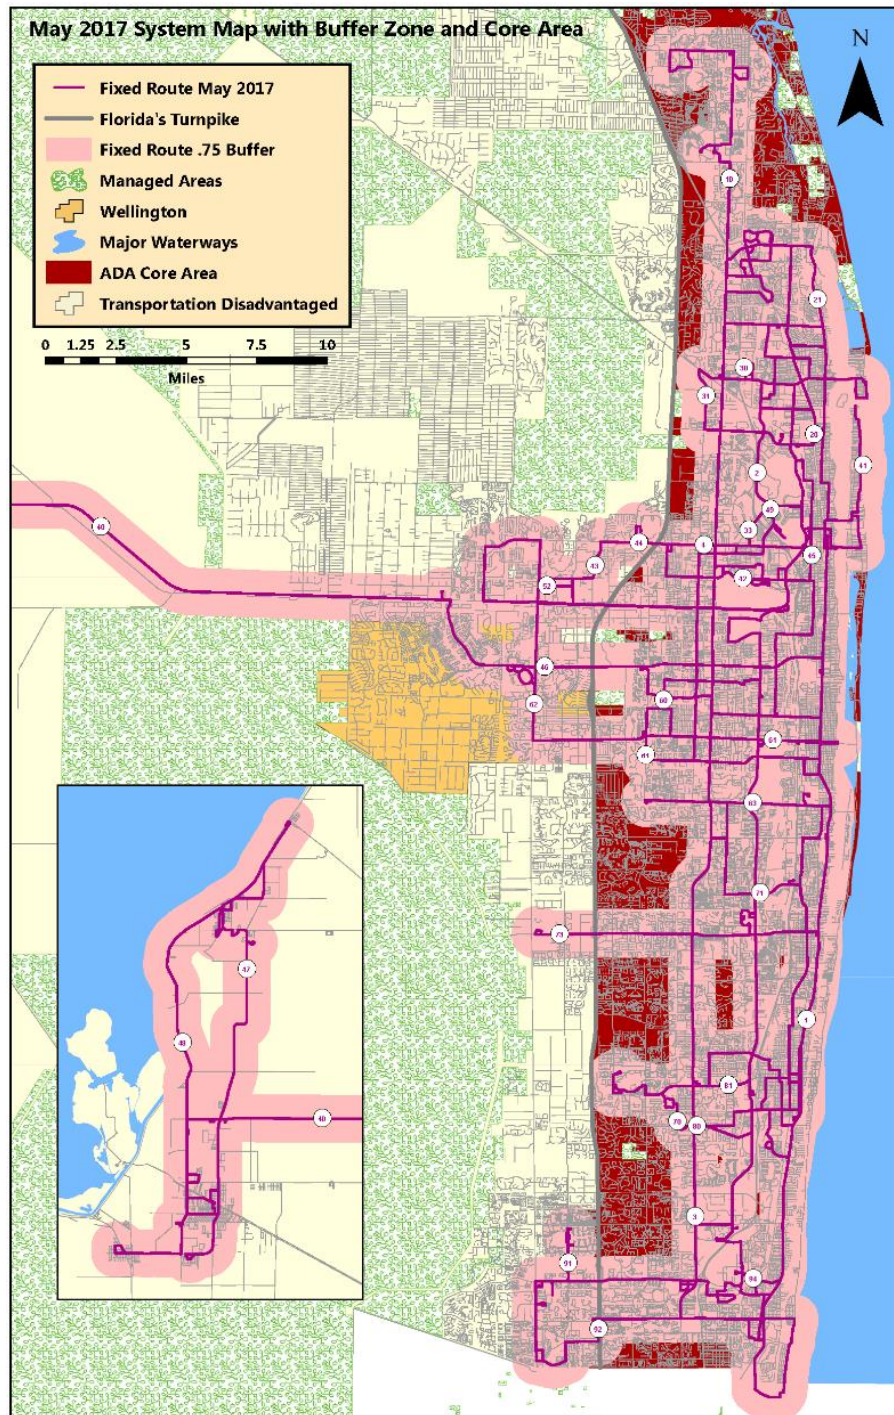

Figure 1 - Transportation Disadvantaged Population Concept

Table 8 is a non-duplicated breakdown of the TD population as it relates to Figure 1 (above). The Non-Duplicated General TD Population estimate 38% of the population of Palm Beach County.

Table 8 – Non-Duplicated 2018/2019 Potential TD Population Calculations

Source: Report by CUTR; CTD, Florida Department of Transportation

Double Counts Calculations	
A - Estimate Elderly/Non-Disabled/Not Low Income	216,388
B - Estimate Non-Elderly/Disabled/Not Low Income	56,162
C - Estimate Low Income/Not Elderly/Not Disabled	147,210
D - Estimate Elderly/Disabled/Not Low Income	93,396
E - Estimate Non-Elderly/Disabled/low Income	15,020
F - Estimate Elderly/Non-Disabled/Not Low Income	6,078
G - Estimate Elderly/Disabled/Low Income	11,264
Total - Non-Duplicated	545,518

Critical Need Population

The TD population with critical need includes individuals who, due to severe physical limitations or low incomes, are unable to transport themselves or purchase transportation and are dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life sustaining activities. Table 9 provides a critical need population summary to supplement Figure 1, while Table 10 depicts the age distributions of the critical need populations.

Table 9 – Critical Need TD Calculations

Source: CUTR 2013 Model, US Census Bureau, 2017 Census SF1

County Pop. By Age	Total Population with a Disability by Age	% with a Severe Disability by Age	Total Population with a Severe Disability by Age	% of Total Pop. with Severe Disability by Age	% of Severe Disability Below Poverty Level	Total Severe Disability Below Poverty Level
< 5 Years of Age	507	4.20%	21	0.03%		
5-17	7,356	4.20%	309	0.15%		
18-34	17,183	6.30%	1,083	0.39%		
35-64	55,527	13.84%	7,685	1.40%		
Total Non-Elderly	80,573		9,098	0.82%	28.60%	2,602
65-74	29,925	27.12%	8,116	4.80%		
75+	74,110	46.55%	34,498	19.99%		
Total Elderly	104,035		42,614	12.47%	11.70%	4,986
Total	184,608		51,712	3.56%		7,588

Elderly / Seniors

Making up twenty-three (23) percent of the total population, more than 328,000 seniors are living in Palm Beach County as of 2017. More than half of all Palm Tran Connection riders are seniors. Appendix E depicts the 2017 American Community Survey census block groups with high proportions of seniors.

Persons with Disabilities

The American Community Survey and the 2014 Survey of Income and Program Participation (SIPP) are used to create "critical need" estimates and forecasts. Responses to SIPP questions result in two overall measures of disability used by the CUTR tool: any disability and severe disability.

Table 10 – Critical Need – Severely Disabled TD

Source: Palm Beach County, US Census Bureau, 2017 Census SF1

Critical Need - Severely Disabled TD Population			
	Not Low Income	Low Income	Total
Non-Elderly	5,722	2,292	8,014
Elderly	37,681	4,993	42,674
TOTAL	43,403	7,285	50,688

Low-income

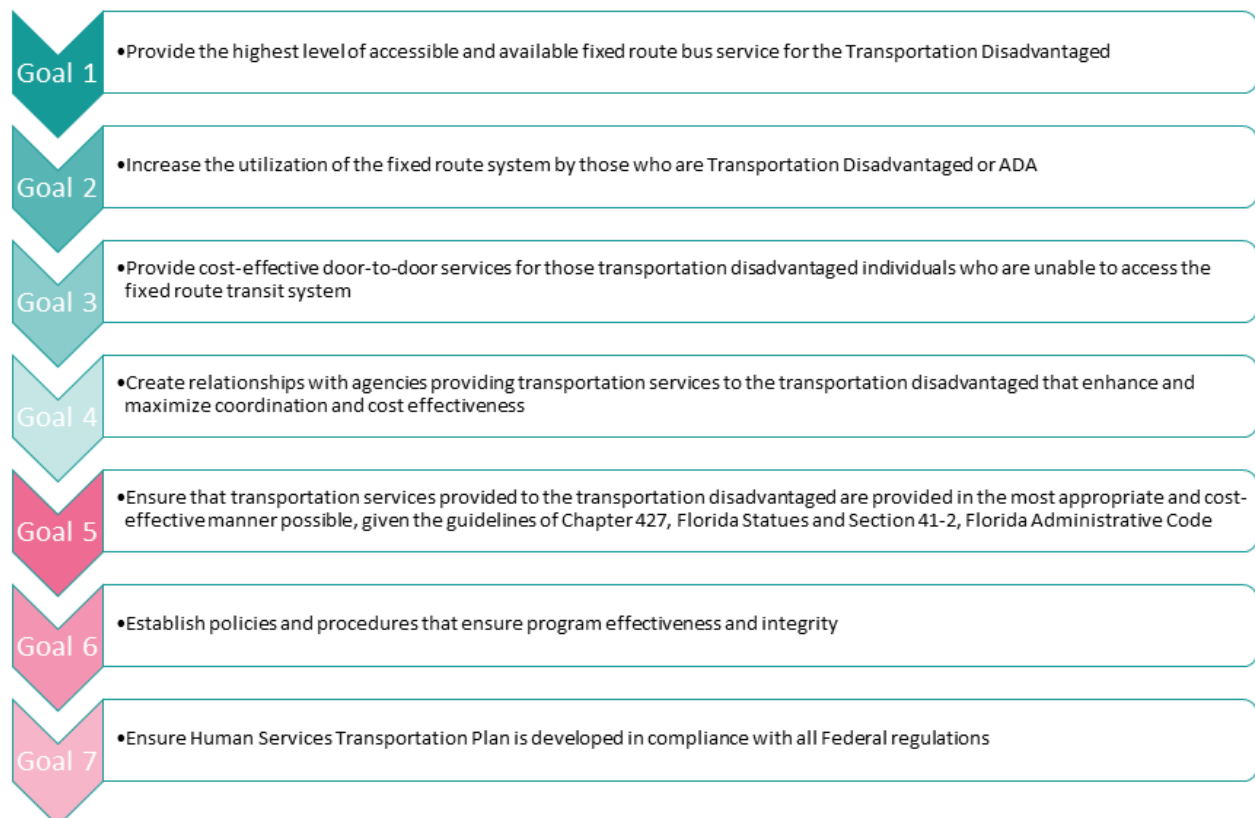

In 2017, it is estimated that nearly 13% of the population is living in poverty. If a family's total income is less than the Office of Management and Budget's appropriated money threshold determined by family size and composition, that family and every individual are considered to be in poverty.

Pockets of low-income housing are scattered through the County. The Map depicting 2017 American Community Survey shows people living below the poverty level, with the transit route network overlaid, shows how much of the population had access to the transit system (Appendix F).

D. Goals, Objectives, Strategies

Palm Tran's mission is "to provide access to opportunity for everyone; safely, efficiently and courteously." This mission extends to all individuals traveling within Palm Beach County including the transportation disadvantaged. In fact, one of Palm Tran's published guiding principles is to promote accessibility to all citizens of Palm Beach County, including people with disabilities, senior citizens and the disadvantaged, through discounted fares, accessible buses and door-to-door paratransit service in accordance with state and federal requirements.

Palm Tran works towards ensuring that accessible and cost-effective transportation solutions are available to the transportation disadvantaged in Palm Beach County. To this end, Palm Tran strives to meet the following goals and objectives through the execution of the strategies outlined in this section:

During Palm Tran Connection's time as the CTC, it has been recognized with the following awards:

- Palm Tran Connection - 2003 CTAA Excellence in Service Award
- Dennis Dee - 2003 CTD Sheila Winitzer Award
- Dave Evans - 2004 CTD Volunteer of the Year
- Palm Tran Connection - 2006 CTAA Excellence in Service
- Palm Tran Connection - 2006 Urban CTC of the Year
- Palm Tran Connection - 2008 CTD Scheduler of the Year
- Two Wheels - 2008 CTD Operator of the Year
- Hector Pezzuto - 2009 CTD Driver of the Year
- Palm Tran Connection - 2009 Innovation of the Year
- Palm Tran Connection - 2009 Urban CTC of the Year
- Finance Team - 2010 Golden Palm Awardees
- Palm Tran Connection - 2017 Innovation of the Year
- Palm Tran Connection - 2017 TD Innovation of the Year

E. Implementation Schedule

Goals, objectives, strategies and implementation schedule are included in Appendix H.

Service Plan

A. Operations Element

The Service Plan is a description of the operational components for the County's fixed route and paratransit system and coordinated contracts.

The Palm Tran Connection Rider's Handbook, which provides detailed information on the paratransit program, is included available for download at: <http://discover.pbcgov.org/palmtran/Pages/Connection.aspx>. Paper copies of the Rider's Handbook are also available at Palm Tran Connection. Free route maps and schedules are available at all Palm Tran facilities, County Governmental Centers and Public Libraries. Customer Service is available to answer trip-planning questions by calling (561) 841-4BUS (4287) or 1-877-930-4287 (toll-free).

1. Types, Hours and Days of Service

a. Fixed Route

Palm Tran runs seven days a week, excluding the 7 major holidays (New Year's Day, Easter, Memorial Day, Labor Day, Independence Day, Thanksgiving Day and Christmas Day), serving more than 3,000 bus stops with 150 buses. Generally speaking, weekday peak service runs every 30 minutes and off-peak every 60 minutes. Weekend service runs hourly on most routes. Timed-Transfer points allow for easy movement from the north/south routes to the east/west routes. Palm Tran also serves several park-and-ride lots throughout Palm Beach County. All Palm Tran buses are equipped with wheelchair ramps, automatic stop announcement systems, surveillance cameras, and bike racks.

Palm Tran offers riders with bus routes and real-time schedules at their fingertips. A "MyStop Mobile" app is available for iPhone users and a new website "palmtran.org/igo" for Android mobile devices or computers to use. Features include a built-in trip planner, on-demand bus stop alert texts or emails sent to your phone/computer indicating your

bus is approaching your stop. Additionally, riders can register for alert subscriptions to receive daily real-time departure information by route and stop.

b. Paratransit

Palm Tran Connection is a shared ride, door-to-door paratransit service that provides transportation for disabled residents and visitors in Palm Beach County under the following programs:

- Americans with Disabilities Act (ADA) Program
- Division of Senior Services (DOSS) Program
- Transportation Disadvantaged (TD) Program

Palm Tran Connection travels in Palm Beach County from Boca Raton to Jupiter and from Palm Beach to South Bay. The ADA core service area covers the following: East of the Florida Turnpike in Palm Beach County from the South County Line to the North County Line. ADA Service continues to the 3/4-mile buffer around fixed routes located outside the ADA core service area. Palm Tran Connection schedules all trips, prepares vehicle route, handles customer concerns & commendations, determines eligibility, and monitors the performance of the Transportation Providers.

Reservation hours are Sunday through Saturday from 8:00 a.m. to 5:00 p.m. Where's My Ride Call hours are Monday through Friday 4:50 a.m. to 10:30 p.m., Saturday 6:00 a.m. to 10:45 p.m. and Sunday 7:15 a.m. to 8:15 p.m. Riders can reserve a trip up to seven (7) days before they wish to travel. Next day trip reservations must be made by 5:00 p.m., the day before they wish to travel. Drivers will meet the rider at the ground floor entrance or front door of any private residence or public building. Fares must be paid with exact change or a pre-purchased Connection "Ticket to Ride". The fare is \$3.50 each one-way trip. Drivers are prohibited from making change. ADA eligible customers ride Palm Tran fixed-route buses free with a photo ID card issued from Palm Tran Connection. Palm Tran Connection does not operate on the 7 major holidays (New Year's Day, Easter, Memorial Day, Independence Day, Labor Day, Thanksgiving Day, and Christmas Day).

Riders can book a trip and obtain more information by calling (561) 649-9838, 1-877-870-9849 (toll-free). Paratransit applications may also be downloaded from www.PalmTran.org.

c. Subscription Service

Standing order service is a regular and recurring service in which schedules are prearranged, to meet the travel needs of riders who sign up for the service in advance. The service is characterized by the fact that the same passengers that are picked up at the same location and time are transported to the same location, and then returned to the same point of origin. Palm Tran Connection is required to provide Standing Order service in accordance with the following policies:

- Once standing orders are arranged, riders do not have to continually call to arrange transportation. Standing Order trips may be held indefinitely as long as the guidelines herein are met.
- Excessive cancellations and “no-shows” will not be permitted on Standing Order service. Upon the third “no-show,” the Standing Order trip will be forfeited. This requirement does not apply in cases where the late cancellation or “no-show” is due to factors beyond the control of the rider such as an unforeseen illness.
- Standing order trips may not be changed more than one time per month. A change is defined as a temporary change to the days of travel, pickup time and/or address and/or the drop-off time and/or address.
- In general, standing order trips may not be modified, i.e., a permanent change in, the travel days, the pickup time and/or address or the drop-off time and/or address. Changes of this nature will result in the cancellation of the old standing order trip and an initiation of new standing order service. The request is subject to the policies outlined herein.
- Notwithstanding, modifications will be accommodated which result from factors which are beyond the control of the rider and/or because of changes in employment.

Standing order service may be put on hold for a specified amount of time (e.g., vacation, hospitalization).

2. Accessing Services

a. Eligibility

Palm Tran Connection determines eligibility for paratransit programs and enters eligibility information for each applicant (e.g. conditions, eligibility dates) into its paratransit database. Service will be provided the next service day after service eligibility has been determined and in compliance with existing state and federal guidelines. Certification by the applicant must be submitted to Palm Tran Connection. Licensed medical verification or proof of income level may be required. Palm Tran Connection will determine eligibility within 21 days of receiving an application. Temporary eligibility may be given to those applying to allow them to complete their applications. Temporary service can be for up to 21 days. For life-sustaining appointments a quick eligibility form may be processed until the full application is received.

Once eligibility has been determined, Palm Tran Connection will mail a letter to the applicant explaining eligibility determination, authorized services available, eligibility expiration, re-application process and the appeals process.

Applicants may request an application by calling (561) 649-9838 or 1-877-870-9849 (toll-free); downloading an application from online at the Palm Tran website: www.PalmTran.org; or requesting an application in person at the Palm Tran Connection Administrative offices Monday through Friday between 8:00 a.m. and 4:30 p.m. at 50 South Military Trail, Suite 101, West Palm Beach, FL 33415.

The following rules will be utilized to correctly assign trips to the appropriate funding sources:

- If a rider is only eligible to travel under one funding source, Palm Tran Connection will only provide trips to that rider under the funding source for which the rider is eligible.
- If the rider is eligible under multiple funding sources, then Palm Tran Connection will try to determine if the trip can be provided by the most cost-effective program first.
- ADA trips must begin and end within the designated core ADA service area and must fall within fixed route service hours.
- TD trips are limited to available funding and must be provided in accordance with the service area and hours of operation.
- DOSS trips are reserved for customers north of Hypoluxo Road for nutrition trips only.

b. ADA

ADA service is shared ride in nature and is complementary to Palm Tran fixed route service.

Certification will remain in effect for 3 years. Medical verification is required to become certified. ADA Transportation is provided within the core area and $\frac{3}{4}$ of a mile of a Palm Tran bus route during the same hours and days as Palm Tran fixed route bus service. To become eligible for ADA service, an individual must have a disability for which medical verification is required and prevents them from riding the fixed route bus. An individual must first complete an ADA application to be determined eligible for service.

Even though an ADA customer may reside outside of the core service area, a trip is eligible as long as the origin and destination are within the core service area or within $\frac{3}{4}$ miles of a fixed bus route. If either the origin or destination is outside of $\frac{3}{4}$ miles of a fixed bus route, then the trip is not eligible under ADA.

Acceptable types of Health Care Professionals who can complete the medical portion of the Eligibility Application include:

- State Licensed Physician (M.D.)
- State Licensed Osteopathic Physician (D.O.)
- State Licensed Chiropractor Physician (C.D.)
- Podiatric Physician (P.O.D.)
- Licensed Physician's Assistant (LPA)
- Advanced Registered Nurse Practitioner (A.R.N.P.)
- Licensed Clinical Psychologist (L.C.P.)
- Licensed Physician Assistant (P.A.)
- Area of Critical Needs Licensed Physician (ACN)
- Audiologist (Au.D)

c. Transportation Disadvantaged

The TD program is funded by the State of Florida under Chapter 427 of the F.S. To become eligible for TD service, an individual must either meet the economic requirements of the TD program or have a disability which prevents them from riding the fixed route bus as defined by the ADA Program. The applicant must submit either proof of income or the medical verification form completed by a licensed physician with their completed application. Based on the information supplied, the application will be evaluated and their eligibility to use the TD program will be determined. Certification will remain in effect for 1 year.

Federal Poverty Level Guidelines will be used to determine if the applicant is eligible for TD services. The applicant will be considered TD if under 150% of the Federal Poverty Level Guidelines Eligible TD riders fall under the following transportation options:

- Low Income: - TD riders who only meet the economic disadvantaged requirements and do NOT have a disability that prevents them from using the fixed route bus, and whose origin and destination are within the core area or 3/4 of a mile from a fixed route bus route must use the fixed route system and are eligible to purchase a 31 day unlimited bus pass for \$15.00 or \$20.00 (\$70.00 normal price) or a 1 day unlimited bus pass for \$1.50 (\$5.00 normal price).

Riders who meet the income criteria of the TD program – regardless of disability - and whose trip origin and/or destination are outside the core fixed route service area will be eligible for paratransit service under the TD program.

- Disability Only/Low Income and Disabled - Riders that cannot access the fixed route due to a disability will be provided a paratransit trip.

d. Division of Senior Services (DOSS)

Division of Senior Services (DOSS) is funded by Older American Act funds through the Department of Elder Affairs and the Area Agency on Aging and through BCC funds for customers traveling to DOSS meal sites.

Registration for individuals 60 years of age or older is completed via an application that verifies the applicants age and that they are traveling to a DOSS meal site. Service is provided north of Hypoluxo Road for Nutrition Site trips only. The Mae Volen Senior Center provides a similar service south of Hypoluxo Road in Palm Beach County.

e. Confidentiality

No Transportation Operator contracting with the TD Program may disclose any information concerning a rider for any purpose not in conformity with local, state or federal regulations (45 CFR, Part 205.50). Information will be disclosed only under a court order or written consent of recipient or his/her responsible parent or guardian. Confidentiality applied to all in the PTC program, not singularly the vendors.

f. Fares

- The current ADA and TD fare for Palm Tran Connection is \$3.50 per one-way trip. The fare may be paid either in cash (exact change only) or with pre-purchased tickets. Palm Tran Tickets are available at Palm Tran Connection's office.
- All Palm Tran and Palm Tran Connection eligible riders over 8 years of age, excluding PCAs, are required to pay the full fare or as otherwise indicated on the manifest. Companions and escorts shall be required to pay the \$3.50 fare for a one-way trip.

- There is no fare for DOSS riders. However, the DOSS riders are offered the opportunity to contribute to their transportation through the DOSS Donation Process. In the first quarter of every year, Palm Tran Connection sends a letter to all eligible DOSS riders explaining how they can contribute to the cost of their transportation.
- The fare amount and accepted method(s) of payment for transportation are defined by the CTC and are subject to change.
- The manifests and schedules provide complete instructions to drivers concerning the amount of fares to be collected.
- Transportation Operators are required to collect the fare specified on the manifest/schedule at the time of the vehicle's arrival to transport the rider.
- The driver is not permitted to make change.
- If a rider does not provide the appropriate fare, the driver is required to notify their dispatcher, who is responsible for determining whether or not the rider is to be transported. Connection has a strict no strand policy.
- Unless otherwise instructed, the Transportation Operators are prohibited from transporting riders who fail to present the appropriate fare unless failure to transport the rider would result in the rider being stranded away from home. In such instances, the Transportation Operator is required to transport the rider and then report the incident as a matter of rider misconduct which is subject to the rider misconduct provisions of the existing contract.
- Drivers are absolutely prohibited from accepting gifts or gratuities of any kind, either as payment of a fare or in addition to the payment of a fare.

g. Appeals

Service will be provided if Palm Tran Connection has not made a determination within twenty-one (21) days or the applicant has appealed their initial eligibility determination. During the appeals process, service will be provided until such time a final decision is rendered.

Palm Tran will accept, hear and resolve appeals made by applicants of Palm Tran's ADA Paratransit services. Appeals must be filed within 60 days of Palm Tran's initial eligibility determination and/or from the date upon which Connection services are suspended. A copy of the appeals process is available by calling Palm Tran Connection.

Appeals must be filed in writing and sent to the following address:

Palm Tran Connection
Attn: Senior Manager of Palm Tran Connection
50 South Military Trail, Suite 101
West Palm Beach, FL 33415

h. Cancellations and "No-Shows"

Excessive cancellations and "no-shows" will not be permitted on Standing Order service. Upon the third "no-show", the Standing Order trip will be forfeited. This requirement does not apply in cases where the late cancellation or "no-show" is due to factors beyond the control of the rider such as an unforeseen illness.

Additional information regarding Palm Tran's Cancellation and "No-Show" policy is included in Appendix L.

i. Multi-Lingual Programs

Palm Tran Connection's Customer Service department is multi-lingual; accepting reservations in Spanish and Creole. Palm Tran Connection also produces a Riders Guide which is available in Spanish and English. There is no creole Riders Guide. In accordance with the provisions of the ADA, the guide is also available in alternate formats upon request.

j. Telephone System

Palm Tran Connection shall provide a telephone system which meets the following requirements:

- Palm Tran Connection is available toll-free from anywhere in Palm Beach County.
- Palm Tran Connection must answer reservation calls daily, except on the 7 major holidays. Service calls will be answered during all hours when riders are being transported. During other times, Palm Tran Connection shall provide an automated message informing callers of normal business hours.
- Palm Tran Connection utilizes the 711 Relay Service, where persons can dial 711 to be automatically connected with a Telecommunications Relay Service operator for free.

Palm Tran Connection shall electronically record all incoming telephone calls on any telephone lines used for accepting reservations and service related calls. Palm Tran Connection will store these recordings for a period of 60 calendar days. Palm Tran Connection shall provide access to designated County and TDC staff and for the purpose of monitoring live calls and reviewing previously recorded calls to assist in the resolution of complaints and commendations. Calls shall be recorded in compliance with state and federal laws.

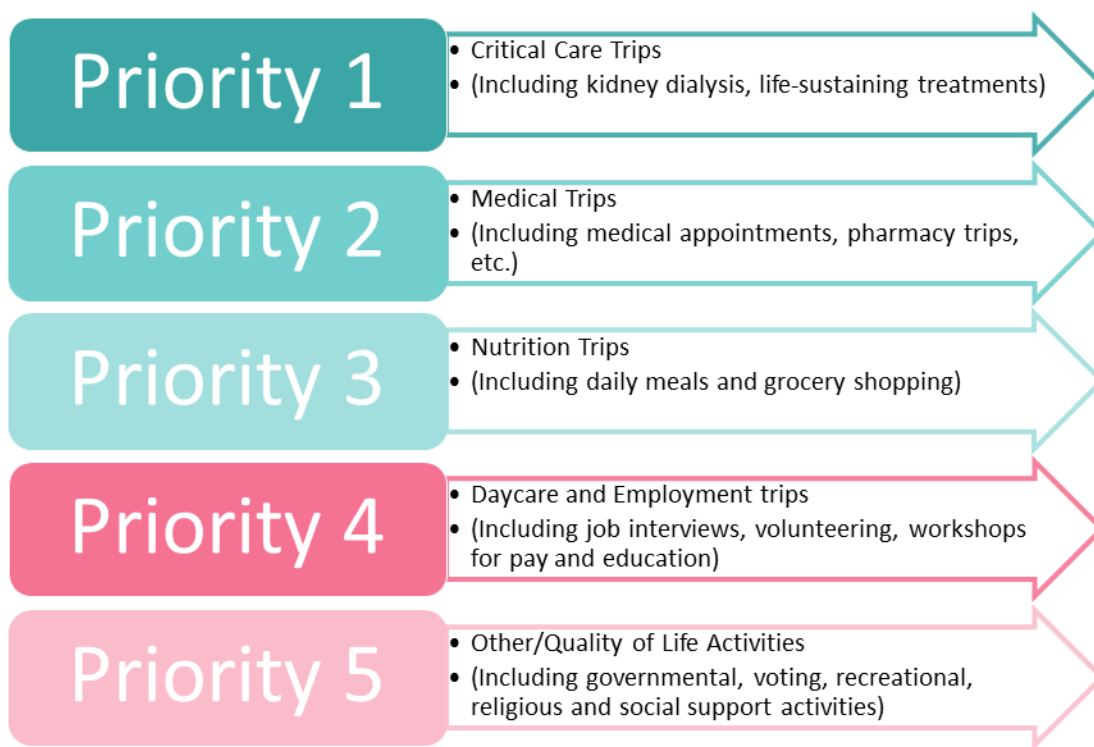

k. Service Denials

Palm Tran Connection's goal is not to deny any eligible rider a trip. However, Palm Tran Connection has the right to not schedule a TD paratransit trip on the date and time requested if scheduling attempts reveal that no vehicles are available or if a trip within 1 hour before or after the time requested is refused by the rider.

l. Prioritization

Due to insufficient TD funding, trips shall be prioritized as listed below. This will remain in effect until there are sufficient additional program funds. To satisfy the demand for this service, trip prioritization is required. Weekday, Saturday and Sunday financial budget caps will be imposed on TD service. If a financial budget cap is exceeded, then prioritization for Medical Trips only will be imposed.

TD Trip Priorities:

m. Scheduling

Palm Tran Connection shall schedule trips based on the following guidelines:

- If the rider has requested a specific pickup time for an ADA trip, Palm Tran Connection may offer a negotiated scheduled pickup time up to 1 hour before or after the time requested by the rider.
- If the rider requests a specific appointment time for an ADA trip, Palm Tran Connection will schedule the rider to be picked up in sufficient time to reach their appointment. This schedule will contain sufficient travel time, based on the same travel time required as on a trip by Palm Tran fixed route, including transfer time.
- If the rider is requesting a TD trip, Palm Tran Connection will negotiate a pickup time with the rider based on vehicle availability. Once a pickup time is established, Palm Tran Connection will schedule the trip in accordance with the travel time standards associated with an ADA trip.
- Scheduling of a one-way trip shall not include more than one transfer to another vehicle or mode of transportation within Palm Beach County.
- ADA paratransit service may include requiring riders to transfer from one paratransit vehicle to another as part of the trip.
- Trips scheduled under the DOSS program will be grouped in order to accommodate meal site schedules and to maximize multi-loading opportunities.

n. Windows

Pickup Window

The scheduled vehicle is required to arrive at the rider's origin within a thirty 30 minute pickup window as shown on the vehicle manifest. Riders must be ready and waiting to board the vehicle at all times during the 30 minute pickup window. The pickup window occurs 15 minutes before to 15 minutes after the given pickup time.

Boarding Window

When the scheduled vehicle arrives with the scheduled pickup window, the rider has 5 minutes to board the vehicle and to be seat-belted and/or properly secured. If the rider is unable to board within this "boarding window," the provider will be instructed to proceed with the route, and the rider will be charged with a "No Show." Riders who need additional time to board as a result of their disabilities may have additional time, based on prior approval from Palm Tran Connection on a case-by-case basis.

o. Customer Assistant

Paratransit service is door-to-door unless curb-to-curb transportation is specifically requested at the time of the reservation and indicated on the driver's manifest. Both ambulatory and non-ambulatory paratransit service is provided according to ADA rules and guidelines. ADA paratransit services may include requiring riders to transfer from one paratransit vehicle to another or to a fixed route vehicle as part of the trip. Palm Tran Connection does not accept same day reservations.

Drivers must assist riders, upon request, in getting to, on/off and from the vehicle. This assistance may include:

- Lending a supporting arm, guiding and assisting up or down steps.
- Drivers may not assist riders in wheelchairs up or down more than one step.
- Drivers are required to carry packages weighing not more than 35 pounds in total.
- Drivers are prohibited from lifting or carrying passengers and/or their children.

p. Service Complaints

- Palm Tran Connection records all complaints to and determines to whom the complaint should be directed to for research and resolution.
- When a Transportation Operator receives a complaint from Palm Tran Connection, the Operator is required to research the complaint with their personnel and take corrective action if necessary.
- Transportation Operators are required to provide a written response to Palm Tran Connection as to how the complaint has been addressed as well as what corrective actions, if any, have been taken to avoid future complaints of the same nature. The Transportation Operator must provide the driver's name and copy of the manifest with each complaint addressed.
- Transportation Operators are required to respond to service complaints within 2 business days.
- If the complaint involves safety or serious misconduct, Transportation Operators are required to respond within 24 hours or less.
- Palm Tran Connection will review responses to complaints, and if it deems the response to be inadequate, will redirect the complaint to the Transportation Operator for further action.
- In all cases, Palm Tran Connection is the final arbiter as to whether or not complaints have been adequately resolved by the Transportation Operator.

- Palm Tran Connection will also record commendations; however, the Transportation Operator may also accept commendations directly. Operators are requested to notify Palm Tran Connection of all commendations received.
- At the direction of Palm Tran Connection, designated Transportation Operator personnel may discuss specific complaints with the riders or their representatives. All Transportation Operator personnel are prohibited from taking any actions against any individuals who have made complaints in connection with this program.

q. "Where's My Ride?" Calls

"Where's My Ride?" calls will be accepted from riders whose vehicles have not arrived within the scheduled pickup window. When Palm Tran Connection receives "Where's My Ride?" calls, they use the Trapeze Software system to determine the estimated time of arrival and inform the rider when it is expected to arrive at the rider's location. The Mobile Data Terminals in the vehicles can give the rider up-to-the-minute information as to where their vehicle is located and accurate estimated times of arrival from the information transmitted from the scheduling software.

r. Cancellation Process

For information regarding the Cancellation Process, please refer to Appendix L.

s. No Show Policy

For information regarding the Cancellation Process, please refer to Appendix L.

t. On-time Performance

- Transportation Operators will be considered "on-time" when its vehicle transports the rider to their destination at the requested appointment time. If an appointment time is not requested, the Transportation Operator is considered on-time when the driver arrives to the rider's pickup location within the scheduled pick-up window as shown on the vehicle manifest/schedule.
- On-time performance will be measured from data received on completed driver manifests/schedules, and may be supplemented with data from any form of monitoring, "Where Is My Ride?" calls, and customer satisfaction surveys.
- Transportation Operators will be charged with a valid early vehicle complaint when its vehicle arrives to transport a rider more than 15 minutes before the scheduled pick-up window as shown on the vehicle manifest/schedule and requires the customer to travel early.
- In these instances, Transportation Operators are required to wait until 15 minutes before the scheduled pick-up time as shown on the vehicle manifest/schedule before going to the rider's door; however, the rider is free to travel early if they are aware of the driver's presence and chooses to travel early.

- Transportation Operators will be charged with a valid late vehicle complaint when its vehicles arrives to transport a rider more than 15 minutes after the scheduled pick-up window as shown on the vehicle manifest/schedule. In such instances, the rider will not be charged with a "Customer No-Show" if he/she chooses not to travel with the Transportation Operator.
- The rider will not be charged with a "Customer No-Show" if he/she chooses not to ride with the Transportation Operator when the vehicle arrives more than 15 minutes after the scheduled pick-up window as shown on the manifest.
- If the rider fails to board during this 5 minute "boarding window", the driver shall notify the dispatcher who is responsible for charging the rider with a "No-show" into the computerized system (within 5 minutes of the occurrence) and then directing the driver to continue with the route.

3. Transportation Operators and Coordination Contractors

In 2014 Palm Beach County issued a Request for Proposals, seeking qualified Contractor(s) to provide door to door paratransit transportation services to Palm Beach County residents and visitors, including all resources necessary to provide such services as may be required by the CTC to meet the needs of the County's paratransit program. The following items were incorporated in the review and selection of the new transportation operators:

- Capabilities and Qualifications of Operator
- Scope of Work
- Price and Financial Strength
- Safety and Training Program
- Previous experience
- Capacity and Quality
- Management
- Insurance and Performance Bond
- Resources
- Accident History
- Contract Monitoring
- Responsiveness to Solicitation

The request for proposals was distributed locally, statewide and nationally. Palm Beach County awarded the contracts to multiple providers. MV Transportation, Inc. was awarded with Run Package "A", First Transit, Inc. was awarded with Run Package "B", and Maruti Fleet & Management, LLC was awarded with Run Package "C" of the contract. Each provider will then utilize DBE providers. Service provided under this contract commenced on February 1, 2015 and will run through to January 31, 2022.

In addition, Palm Tran Connection reimburses two agencies, Federation Transportation and Seagull Industries, for the trips they provide to their clients through financial assistance agreements.

A Coordination Contract is defined as: A written contract between the CTC (Palm Tran) and a non-profit or faith based agency that, on most occasions, receives a vehicle from the FDOT 5310 Program and performs its own transportation services for its clients. The Commission for Transportation Disadvantaged's standard contract reflects the specific terms and conditions that will apply to those agencies who perform their own transportation services, as well as joint utilization and cost provisions for transportation services to and from the Coordinator.

Palm Tran Connection has service coordinators (road supervisors) that perform annual inspections, spot inspections, and monitor random trips daily to make sure the Operators are in compliance with County, State, and Federal regulations. In addition to the service coordinators, Palm Tran has a Drug and Alcohol Coordinator that ensures the Transportation Operators as well as Palm Tran employees are following the Federal Drug and Alcohol Guidelines.

4. Public Transit Utilization

The use of public transit is a cornerstone built into Palm Tran Connection's Coordination Plan. Once it is determined that friends or family members cannot transport a TD rider for a specific non-sponsored trip request and the rider is functionally able to use the fixed route bus for a requested trip he or she will be offered a fixed route bus pass. ADA eligible riders can ride the Palm Tran fixed route bus for free by showing their ADA identification card.

In addition, Palm Tran Connection and the LCB have instituted the following programs, policies, and procedures to maximize the use of public transportation:

The CTC will:

- Allocate a portion of the Trip/Equipment grant fund to be spent annually for Palm Tran bus passes. Trip prioritization by destination will not be considered for bus pass allocation.
- Ensure that Palm Beach County takes full advantage of the Commission for Transportation Disadvantaged funding for bus passes.

- Establish procedures and guidelines for the bus pass program.
- Determine eligibility for entry into the bus pass program and process completed original applications.

Agencies will:

- Prior to participating in the program, submit a written request on Agency Stationary to Palm Tran Connection. The request must outline the Agency's target population and type of services performed. The letter must include the names of individuals responsible for the Agency bus pass program and be signed by the Agency's Executive Director or equivalent.
- Adhere to (and ensure that their Riders adhere to) the Bus Pass Policy and Guidelines. Failure to comply will result in suspension until appropriate documentation is received.
- Ensure Riders meet the established eligibility criteria while in the program.
- Ensure that Agency Riders continuing in the TD bus pass program re-register every year and that all new Riders are registered within 5 business days.
- Complete and accurately maintain the Distribution Log form for all passes issued ensuring that the Rider signs for each bus pass received.
- As part of the pass ordering process, submit a Bus Pass Order Form and Distribution Log for each pass distributed.

Riders sponsored by Palm Tran Connection or the Agency Outreach Program will:

- Complete a Rider Eligibility and Registration Form.
- Lose eligibility for Demand Responsive or Standing Order paratransit services, except for emergency situations, while part of the bus pass program.

5. School Bus Utilization

At this time there is no specific utilization of school buses by Palm Tran Connection. There have been discussions with the School Board of school bus usage, but with the size of Palm Beach County and the average one-way trip length being over 15 miles, school buses would not be conducive to the wear and tear of paratransit trips. School buses are currently not a viable cost-effective alternative.

The LCB has a designated seat for a School Board Representative. For the school year, an Inter-local Agreement between Palm Tran and Palm Beach County School District resulted in providing over 1,000 students on either annual or 31-day bus passes with Palm Tran fixed bus route transportation. In addition, there are another 1,200 students using Tri-Rail passes. The Palm Beach County School District is one of the largest purchasers of Public Transit Passes for transporting students in Florida.

The policies for the Bus Pass Program are included as Appendix I.

6. Vehicle Inventory

See Appendix J.

7. System Safety Program Plan Certification (SSPP)

State of Florida Department of Transportation Certification of Compliance. See Appendix K.

8. Inter-County Services

Periodic meetings with Martin, St. Lucie, Indian River, Okeechobee, Broward and Miami-Dade Counties occur to discuss needs and service arrangements. Whenever an individual needs transportation into another county, Palm Tran Connection tries to make arrangements with other appropriate county's CTC. Palm Tran Connection informs the individual who is requesting the trip of the trip arrangements. Whenever an individual needs to go to Broward or Miami-Dade County, Palm Tran Connection tries to provide the individual with a trip to the nearest Tri-Rail station from the trip origin and also make arrangements for the pickup from the same Tri-Rail station on return.

The two established transfer points for individuals traveling between Broward and Palm Beach County is Mizner Park and Sandalfoot Plaza. Individuals traveling into Broward County transfer onto a Broward County vehicle.

9. Emergency Preparedness and Response

Palm Tran Connection and the Transportation Operators are expected to provide transportation during periods of heavy rain and/or other adverse weather conditions unless County Emergency Management pulls all vehicles off the road. Transportation Operators are contractually obligated to make available to Palm Tran all requested vehicles and operators to respond to a public evacuation. The staging area is located at the Palm Tran Connection's facility located at 50 South Military Trail, Suite 101, West Palm Beach, FL 33415. Palm Tran Connection is included in countywide Comprehensive Emergency Management Planning. All services provided are in accordance to Palm Tran Connection's Emergency Management Plan.

10. Educational Efforts / Marketing

Palm Tran Connection's mission is to create an effective partnership with the Palm Beach County community and maintain this partnership through the creation and maintenance of an open dialogue. This allows for the free exchange of information and ideas on the best means for providing effective transportation services to the residents, visitors, businesses and organizations of Palm Beach County.

Palm Tran, conducts ongoing marketing and public outreach through:

- Public relations, advertising and press relations;
- Speeches and presentations to local groups or organizations;
- System brochures and service guides;
- Countywide promotions and publicity;
- Rider hotline updates;
- Public information meetings; and
- The "Transit Works" television show on county television station and television commercials.

Note: Palm Tran Connection promotes the voluntary dollar donation to the TD Trust Fund in the Rider's guide, program updates, and other mailings.

11. Acceptable Alternatives

TD-eligible children who must be immediately removed from their residence and TD-eligible individuals who require Baker Act transportation are not accommodated within the coordinated system due to the special circumstances and lack of predictability surrounding these types of transports.

Mobility Management Facilitation Program (MMFP)

The Community Transportation Connections Team serves as an ancillary to the CTC. The mission of the MMFP is to enhance mobility options for individuals considered transportation disadvantaged. The team supports the CTC of Palm Beach by evaluating and identifying resources within the community while assisting the CTC with short-term planning and management activities and projects for improving coordination among transportation and service providers.

12. Service Standards

Palm Tran Connection will monitor the quality of service. Performance measures include:

- Utilization: how well the resources are being used.
- Efficiency: the ability to provide service to users despite any constraints.
- Effectiveness: the ability to meet service demand with existing resources.
- Administration: management performance.

a. Drug and Alcohol Policy

Each Transportation Operator is required to certify that, with respect to the performance of the TD Program, that they have implemented a CTC approved program that complies with the provisions of 49 CFR Parts 40 and 655.

- The Transportation Operator shall be responsible for providing Palm Tran with personnel information.
- The Transportation Operator is responsible for all costs of drug and alcohol testing.
- The Transportation Operator shall permit any authorized representative of the Federal Transit Administration (FTA), the Florida Department of Transportation, Palm Tran, or Palm Beach County to inspect the facilities and records associated with the implementation of the drug and alcohol testing program and review the testing process.
- The Operator agrees further to certify annually its compliance with Part 40 and 655 before February first of each year and to submit to Palm Tran the Management Information System (MIS) reports before March 1st of each year.

b. Escorts and Children

Palm Tran Connection allows riders to travel with a PCA, service animal, children, and one companion (or escort). Additional individuals beyond the first companion (up to three) are carried only on a space available basis. You must reserve a space for the companion(s) when you reserve your trip. PCA's and anyone else approved to accompany the rider must board the vehicle at the rider's scheduled location and time of pick-up. PCA's and escorts are subject to the same rules and regulations as a Palm Tran Connection rider. Riders may transport pets in a commercially available pet carrier which must fit under the rider's seat or on their lap. Newborns and children up to 5 years of age must ride in a federally approved child restraint provided by the parent.

All Palm Tran and Palm Tran Connection eligible riders over 8 years of age, excluding PCA's, are required to pay the full fare or as otherwise indicated on the manifest. Companions and escorts shall be required to pay the \$3.50 fare for a one-way trip.

c. Child Restraint Devices

Children who are between the ages of birth and 5 years old inclusive and/or children who weigh less than 40 pounds must travel with a responsible guardian (Escort) and must ride in a child safety seat which complies with Section 316.613, Florida Statutes. It is Palm Tran Connection's policy that it is the individual customer's responsibility to provide the child safety seat.

d. Rider Property

Transportation operators are required to transport packages belonging to the riders, as long as the rider is on board with his/her package and the package fits on the rider's lap or beneath his/her seat. Packages must be no larger than 2 large paper grocery bags or 4 smaller plastic handle bags and weigh no more than 25 pounds combined.

Transportation Operators are prohibited from transporting illegal controlled substances (excluding prescription medication), hazardous materials, fire arms or explosive devices.

e. Vehicle Transfer Points

Transfer points shall provide shelter, security, and safety for customers.

f. Local Toll Free Phone Numbers for Consumer Comment

The Transportation Operator must be available toll-free from anywhere in Palm Beach County for complaints and grievances and shall be posted inside each vehicle. This may be accomplished through either of the following means:

- A toll-free (800/888) number,
- Multiple local phone numbers which provide local coverage throughout Palm Beach County,
- The Commission for the Transportation Disadvantaged Helpline (1-800-983-2435).

g. Out of Service Area Trips

No service is provided beyond the County's borders. Those seeking service south of Palm Beach County into Broward and Miami-Dade counties may use Tri-Rail.

h. Vehicle Condition and Air Conditioning Equipment

- All vehicles shall have exteriors free from broken mirrors, windows, accumulated grime, rust, chipped paint or major dents or body damage which detracts from the overall appearance of the vehicle.
- Passenger compartments shall be free from dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal, excessively worn floor coverings or anything else that might cause discomfort to a passenger.
- Seats shall not be broken, damaged or have protruding sharp edges.

- Each vehicle shall have air conditioning and heating systems in compliance with manufacturer's specifications. Vehicles found to not have a working air conditioning or heater will be taken out of service and not allowed to be in service without proper authorization from Palm Tran Connection.

i. Billing Requirements to Contracted Operators

"If the CTC without reasonable cause fails to make payments to the subcontractors and suppliers within 7 working days after the receipt by the CTC of full or partial payment, the CTC shall pay a penalty in the amount of half of the amount due, per day, from the expiration of the period allowed herein for payment".

j. Rider / Trip Data

Transportation Operators are required to provide data to assist Palm Tran Connection in compiling and completing required daily, weekly, quarterly and annual reports. Passenger/trip data is accessible to Palm Tran Connection on each rider being transported in the system. Palm Tran Connection shall furnish all required reports to the Commission for the Transportation Disadvantaged (CTD) and any other State or Federal department, as required. All reports are accessible through the Records Request process.

k. Adequate Seating

Adequate seating shall be provided to each rider and escort, child, or PCA, and no more passengers than the registered passenger seating capacity shall be scheduled or transported in a vehicle at any time.

l. Smoking and Eating on Vehicles

Drivers are prohibited from smoking and using cell phones at all times, while on board the vehicle and/or while assisting riders. In addition, drivers are prohibited from eating or drinking when a Palm Tran Connection rider is on board the vehicle.

m. Trip Denials, Cancellations, Late Cancellations and "No-Show" Policy

A "No-Show" is defined as: when the rider fails to board the vehicle when it arrives to transport him/her within the pick-up window or fails to contact Palm Tran Connection to inform them of a cancellation at least 90 minutes prior to the rider's scheduled pick-up time. This requirement does not apply in cases where the no-show is due to factors beyond the control of the rider such as unforeseen illness.

Drivers must leave a "No-Show" tag on any customer's door that is "No-Show". If a driver departs a pickup location without waiting the full 5 minutes, fails to leave a "no-show" tag or does not make a good faith effort to locate the customer, a driver will be sent back to pick up the customer. Prior to the driver departing, the location of the driver is verified using GPS and each number on the client's file is called.

Any rider who is charged with valid No-Shows which exceed 1 occurrence for every 10 scheduled trips per thirty 30 day period, with a minimum of 3 occurrences, shall be considered

as violation the No-Show policy. Any customer who has been determined to be in violation of the Palm Tran Connection No-Show Policy will have the right to appeal the decision through the Director of Palm Tran Connection and/or the locally approved Grievance Board whose decision is binding and final. More information regarding the appeal process, visit www.PalmTran.org.

n. Communication Equipment

Palm Tran Connection supplies the two-way communication system for communications between the driver and dispatch. This is currently a "push-to-talk" (PTT) system through AT&T. This system allows both single driver and group communications to all parts of Palm Beach County as well as a GPS component that displays the driver's actual location.

Federal law prohibits any unauthorized individuals from communicating on this system.

o. First Aid/CPR

Palm Tran Connection does not require the drivers to be trained in CPR/First Aid. Drivers are directed to notify their dispatcher of any incident involving either the safety of a passenger or the injury of a passenger. The Dispatcher is required to contact 911 for the usage of CPR or First Aid.

p. Picking up Customers

- When drivers meet riders, the drivers are required to identify themselves as Palm Tran Connection drivers employed by their Transportation Operators.
- Drivers are expected to be professional and courteous at all times.
- While on duty, drivers are required to wear an informal uniform and wear a photo I.D. badge, specified by their employer and approved by Palm Tran Connection. All drivers must appear clean, neat and present a professional image.
- Drivers are required to provide general assistance to passengers between the door/entrance of their origin address and the vehicle and then from the vehicle to the door/entrance of the rider's destination.
- This assistance may include, but is not limited to: pushing the rider's wheelchair, lending the rider a supporting arm, guiding the rider by the hand or arm, assisting the rider on/off the vehicle, and/or carrying packages of up to 35 pounds.
- Drivers may not assist passengers using wheelchairs up or down more than one step and are prohibited from entering private residences and from lifting or carrying passengers and/or their children.

q. CTC Monitoring Procedures of Operators and Coordination Contractors

Monitoring of Performance Standards as set forth in the solicitation, and included in each transportation operator contract, includes the following:

- On-time Performance: Arrival within 1 minute of the manifest/scheduled time. Arrival time no later than 1 minute after the scheduled end of window.
- Missed Trips: Arrival time more than 60 minutes after the scheduled end of window time.
- Unclean or Unsafe Vehicle: Complaints from, excessive road calls, or excessive at-fault accidents.
- Impolite Personnel: Regarding rudeness, improper securement, unsafe driving, music or food, etc.
- Telephone System: Excessive ring time, on hold or unanswered phones.
- Complaint Ratio: The ratio of valid complaints for the vendors shall not exceed three per 1000 trips performed.
- Contract Compliance: Driver and vehicle compliance.
- Service Delivery: Dwell (Waiting) Time, Client Assistance, and Improper Drop-off.
- Reports: Untimely and incomplete reports.

r. Local Grievance Procedure and Process

The State of Florida Commission on the Transportation Disadvantaged oversees through contractual arrangements, a coordinated system of CTCs. At the local level, CTCs are responsible for the provision of transportation service.

s. Annual Inspections

Each year Palm Tran Connection will perform a comprehensive inspection of all the operations of the Transportation Operators. The primary goal at Palm Tran Connection is to ensure the safe operation of the Operator fleet and protecting the wellbeing of the employees as well as the riders of Palm Tran Connection.

It is Palm Tran Connection's intention to assist the Transportation Operators in becoming and maintaining 100% compliance. Follow up reviews will be scheduled until compliance is reached. The following records and/or items will be reviewed during the Annual Inspection/Review:

- General Information of the Company,
- System Safety Program Plan,
- Security Program Plan,
- Proof of Valid Driver's License Records,
- Driver Training Records,
- Operational and Safety Procedures,

- Driving Hours and Work Periods,
- Records of a DOT Medical Examination,
- Records of a valid Motor Vehicle Record,
- Records of a FDLE Background Check,
- Records of the Palm Beach County Driver ID Badge,
- Annual Vehicle Safety Inspection Records,
- Vehicle Maintenance Records,
- Records of Vehicle Accidents,
- Driver's Daily Vehicle Inspection Files,
- Vehicle Emergency & Safety Equipment Inspection,
- Drug and Alcohol Policy,
- Insurance.

t. Coordination Contract Evaluation Criteria

Palm Tran Connection staff visits each potential coordination contract agency to examine their special needs, facilities, equipment, and cost of providing service. If their costs are lower or they have special needs, the staff recommends and prepares a coordinated contract. Every year or when needed, the LCB is brought up-to-date on coordination contracts at the quarterly meetings. Service Coordinators perform spot checks on the service and a thorough Annual Inspection.

Palm Tran Connection currently does not have any Coordination Contracts.

13. Local Complaint and Grievance Procedure / Process

The Local Complaint and Grievance Procedures can be found in Appendix M.

14. CTC Monitoring Procedures of Operators and Coordination Contractors

Monitoring of Performance Standards as set forth in the solicitation, and included in each transportation operator contract, includes the following:

- On-time Performance: Arrival within 1 minute of the manifest/scheduled time.
- Missed Trips: Arrived after the manifest/scheduled time.
- Unclean or Unsafe Vehicle: Complaints from s, excessive road calls, or excessive at-fault accidents.

- Impolite Personnel: Regarding rudeness, improper securement, unsafe driving, music or food, etc.
- Telephone System: Excessive ring time, on hold or unanswered phones.
- Complaint Ratio: The ratio of valid complaints shall not exceed 3 per 1000 trips performed.
- Contract Compliance: Driver and vehicle compliance.
- Service Delivery: Dwell (Waiting) Time, Client Assistance, and Improper Drop-off.
- Reports: Untimely and incomplete reports.

15. Coordination Contract Evaluation Criteria

Palm Tran Connection staff visits each potential coordination contract agency to examine their special needs, facilities, equipment, and cost of providing service. If their costs are lower or they have special needs, the staff recommends and prepares a coordinated contract. Every year or when needed, the LCB is brought up-to-date on coordination contracts at the quarterly meetings. Service Coordinators perform spot checks on the service and a thorough Annual Inspection.

Palm Tran connection currently does not have any Coordination Contracts.

B. Cost, Revenue Allocation and Fare Structure Justification

The needs and abilities of the Transportation Disadvantaged in Palm Beach County are extremely varied. Likewise, the costs of the different transportation services provided to meet their needs vary. The fares for public fixed route transit service offered by Palm Tran are set by the Palm Beach County Board of County Commissioners. They are as follows:

Fixed Route and Paratransit Fare Structure:

	Full Fare	Reduced Fare
Fixed Route Cash Fares	\$ 2.00	\$ 1.00
Connection ADA or TD	\$ 3.50	
One Day Pass	\$ 5.00	\$ 3.50
31 Day Pass	\$70.00	\$ 55.00
One Day TD Pass		\$ 1.50
31 Day TD Pass (annual income of 75% or less of FPL.)		\$ 15.00
31 Day TD Pass (annual income between 76% and 150% of FPL.)		\$ 20.00
Tri-Rail Transfer	\$.50	

Riders 8 years of age and under and police (in uniform or with ID badge) ride free. Reduced fares apply to: Seniors (65 years of age or older) with an ID issued by Palm Tran, a Medicare Card, valid driver's license, or Florida State ID Card; Students (21 years of age or younger) with a valid school or Palm Tran-issued ID; and Disabled individuals with a reduced-fare ID issued by Palm Tran, based on documented disability.

TD Trip Rates

To receive the funds from the TD Trust fund Palm Beach County must apply for the Trip and Equipment Grant. A requirement of this grant is to submit TD Trip Rates. Rates must be submitted utilizing the TD Commission's Rate Calculation Model and must be approved by the LCB. The purpose of the Rate Model is to capture the actual costs of the TD trips by factoring all the costs associated with the TD program. The following TD Trip Rates are the most current available for 2016-2017 derived from the TD Rate Model. The rate model worksheet is included as Appendix N.

TYPE OF SERVICE TO BE PROVIDED	UNIT (Vehicle Mile, Trip or Boarding Fee, etc.)	COST PER UNIT \$
TD – Ambulatory	Per Trip	\$30.88
TD – Wheelchair	Per Trip	\$52.94
TD 31 – Day	Per Pass	\$55.00
TD 1 – Day	Per Pass	\$3.50

Quality Assurance

CTC Evaluation

In Palm Beach County, the Palm Beach Transportation Planning Agency (TPA) serves as the Designated Official Planning Agency (DOPA), which facilitates an annual evaluation of Palm Tran Connection, the Community Transportation Coordinator (CTC). The CTC evaluation process is dictated by the Florida Commission for the Transportation Disadvantaged (CTD) and includes the following:

- General Questions
- Chapter 427.0155, F.S.
- Insurance
- Rule 41-2.011, F.C.
- Commission Standards and Local Standards
- Americans with Disabilities Act Compliance
- On-Site Observation of the system
- Surveys
- Level of Cost
- Level of Competition
- Level of Coordination

Below are the key findings and recommendations from the 2018 CTC Evaluation that was conducted February-May 2018:

Section	Key Findings	Recommendation
General Questions	The CTC's complaint process is thorough—those filing a complaint are notified when it is received, as well as again when it is resolved. Clients are able to communicate with the CTD if they are still not satisfied.	While a summary of complaints is currently provided to the LCB in a bar chart format, it is recommended that a brief written summary of the complaints received accompanies the chart. These can be provided as an item in the agenda backup.
	The CTC is interested in coordinating with Palm Tran and Tr-Rail to transfer riders from paratransit services, and increase	The CTC should hold a training to encourage a better understanding of how eligible riders can easily transfer

	the ridership of Palm Tran Public Transportation.	to the fixed route service from paratransit and to Tri-Rail.
	Paratransit riders are often unsure of how to use fixed-route services. The CTC offers a fixed-route guide for ADA-eligible riders and is trying to transition TD riders who are capable to ride fixed-route to do so.	The CTC should develop a video education program to inform riders on how to use fixed-route bus service. The program should be present on social media, on the website, and can play in the Connection waiting room.
Chapter 427.0155, F.S.	School buses are not currently being utilized in the coordinated system. Charter and private school students oftentimes rely on paratransit services to get to and from school.	If possible, work with the School District of Palm Beach County to utilize school buses. Develop an agreement with charter and private schools to subsidize costs for paratransit services provided to the students.
	The CTC uses IVR (Interactive Voice Recognition System) after hours to confirm or cancel trips that night prior to what is scheduled. This automated software helps the CTC keep track of whether trips for the next day are still on schedule as planned.	The CTC should continue utilizing IVR technology to confirm scheduled trips, and should use the technology to call the client when the ride is 15 minutes out from the pick-up locations.
	TD Service is not available on seven holidays throughout the year.	The TD holiday schedule follows the fixed-route schedule. The CTC should consider offering limited paratransit service on the seven holidays that fixed-route does not run.
	There is not currently an arrangement with the local WAGES coalition, CareerSource Palm Beach County.	The CTC should work cooperatively with Career Source Palm Beach County to provide clients with transportation services.
Local Standards	The CTC is currently <u>meeting</u> the following goals:	The CTC's Office of Performance Management should continue to evaluate current measurable goals and

	<ul style="list-style-type: none"> • Passenger no-show goal of $\leq 5\%$ • Average age of entire fleet is 3 years, 2 months • At-fault accident goal of ≤ 1 per 100,000 miles traveled • Call hold time is less than three (3) minutes per call. <p>The CTC is currently <u>not meeting</u> the following goals:</p> <ul style="list-style-type: none"> • Increasing public transit ridership goal of 25% • On-time performance goal of 90% • Complaint ratio goal of ≤ 3 per 10,000 trips performed 	<p>develop a strategic plan to achieve their goals (i.e. increasing the average on-time performance standards, decreasing the amount of complaints, and get able-bodied users of Connection to transition to the fixed-route, if their abilities allow.</p>
Passenger Surveys	<p>During the months of March and April, staff of the LCB and TPA made 385 random telephone calls to riders who have used Palm Tran Connection since the first of 2018. A total of 95 survey responses were recorded.</p> <p>The average service rating by riders was 9.64 based on a scale of 1-10 (1 being the least satisfied and 10 being the most satisfied). This is an increase of .91 from the FY17 evaluation.</p>	<ul style="list-style-type: none"> • Improve trip optimization • Improve/update GPS systems in vehicles • Provide a way that clients can know their driver's estimated time of arrival • Implement Fate Boxes so riders aren't required to carry exact change • Improve transfers between counties

Planning Agency Evaluation Process

In Palm Beach County, the Designated Official Planning Agency (DOPA) is the Palm Beach TPA. The TPA Board is made up of 21 members: 5 County Commissioners, 15 elected officials from 11 municipalities and 1 commissioner from the Port of Palm Beach. The TPA board appoints the TD LCB. While the LCB does not review the performance of the TPA, its input, suggestions, and requests are transmitted directly to the TPA Board for discussion and action.

Appendix A – Memorandum of Agreement

The July 1, 2017 through June 2022 Memorandum of Agreement is included below:

Contract # TD-1793

Effective: 7/1/17 to 6/30/2022

STATE OF FLORIDA
COMMISSION FOR THE TRANSPORTATION DISADVANTAGED
MEMORANDUM OF AGREEMENT

R 2017-0824

This Memorandum of Agreement is between the COMMISSION FOR THE TRANSPORTATION DISADVANTAGED, hereby referred to as the "Commission," and Palm Beach County Board of County Commissioners, 50 South Military Trail, Suite 101, West Palm Beach, FL 33415 the COMMUNITY TRANSPORTATION COORDINATOR, designated pursuant to Chapter 427, F.S., to serve the transportation disadvantaged for the community that includes the entire area of Palm Beach county(ies), and hereafter referred to as the "Coordinator."

This Agreement is made in consideration of the mutual benefits to both parties; said consideration acknowledged hereto by the parties as good and valuable consideration.

The Parties Agree:

I. The Coordinator Shall:

- A. Become and remain totally apprised of all of the Transportation Disadvantaged resources available or planned in their designated service area. This knowledge will be used to plan, coordinate, and implement the most cost effective transportation disadvantaged transit system possible under the economic and other conditions that exist in the designated service area.
- B. Plan and work with Community Transportation Coordinators in adjacent and other areas of the state to coordinate the provision of community trips that might be handled at a lower overall cost to the community by another Coordinator. This includes honoring any Commission-approved statewide certification program that allows for intercounty transportation opportunities.
- C. Arrange for all services in accordance with Chapter 427, Florida Statutes, and Rule 41-2, FAC, and as further required by the Commission and the local Coordinating Board approved Transportation Disadvantaged Service Plan.
- D. Return any acquired profits or surplus funds originating through the course of business as the Coordinator that are beyond the amounts(s) specifically identified and approved in the accompanying Transportation Disadvantaged Service Plan. Such profits or funds shall be returned to the Coordinator's transportation system or to any subsequent Coordinator, as a total transportation system subsidy, to be applied to the immediate following operational year. The Coordinator will include similar language in all coordination contracts to assure that transportation disadvantaged related revenues are put back into transportation disadvantaged services.

E. Accomplish this Project by:

1. Developing a Transportation Disadvantaged Service Plan for approval by the local Coordinating Board and the Commission. Coordinators who are newly designated to a particular service area shall submit a local Coordinating Board approved Transportation Disadvantaged Service Plan, within 120 calendar days following the execution of the Coordinator's initial memorandum of agreement with the Commission, for approval by the Commission. All subsequent Transportation Disadvantaged Service Plans shall be submitted and approved with the corresponding memorandum of agreement. The approved Transportation Disadvantaged Service Plan will be implemented and monitored to provide for community-wide transportation services for purchase by non-sponsored transportation disadvantaged persons, contracting social service agencies, and other entities that use local, state, or federal government funds for the purchase of transportation for the transportation disadvantaged.
2. Maximizing the use of available public school transportation resources and public fixed route or fixed schedule transit services and assuring that private or public transit, paratransit operators, and school boards have been afforded a fair opportunity to participate to the maximum extent feasible in the planning process and in the development of the provisions of the Transportation Disadvantaged Service Plan for the transportation disadvantaged.
3. Providing or arranging 24-hour, 7-day per week transportation disadvantaged service as required in the designated service area by any Federal, State or Local Government agency sponsoring such services. The provision of said services shall be furnished in accordance with the prior notification requirements identified in the local Coordinating Board and Commission approved Transportation Disadvantaged Service Plan.
4. Complying with all local, state, and federal laws and regulations that apply to the provision of transportation disadvantaged services.
5. Submitting to the Commission an Annual Operating Report detailing demographic, operational, and financial data regarding coordination activities in the designated service area. The report shall be prepared on forms provided by the Commission and according to the instructions of said forms.

F. Comply with Audit and Record Keeping Requirements by:

1. Utilizing the Commission recognized Chart of Accounts defined in the *Transportation Accounting Consortium Model Uniform Accounting System for Rural and Specialized Transportation Providers* (uniform accounting system) for all transportation disadvantaged accounting and reporting purposes. Community Transportation Coordinators with existing and equivalent accounting systems are not required to adopt the Chart of Accounts in lieu of their existing Chart of Accounts but shall prepare all reports, invoices, and fiscal documents relating to the transportation disadvantaged functions and activities using the chart of accounts and accounting definitions as outlined in the above referenced manual.

2. Assuming the responsibility of invoicing for any transportation services arranged, unless otherwise stipulated by a purchase of service contract or coordination contract.
 3. Maintaining and filing with the Commission, local Coordinating Board, and all purchasing agencies/entities such progress, fiscal, inventory, and other reports as those entities may require during the period of this Agreement.
 4. Providing copies of finance and compliance audits to the Commission and local Coordinating Board as requested by the Commission or local Coordinating Board.
- G. Retain all financial records, supporting documents, statistical records, and any other documents pertinent to this Agreement for a period of five (5) years after termination of this Agreement. If an audit has been initiated and audit findings have not been resolved at the end of five (5) years, the records shall be retained until resolution of the audit findings. The Coordinator shall assure that these records shall be subject to inspection, review, or audit at all reasonable times by persons duly authorized by the Commission or this Agreement. They shall have full access to and the right to examine any of the said records and documents during the retention period.
- H. Comply with Safety Requirements by:
1. Complying with Section 341.061, F.S., and Rule 14-90, FAC, concerning System Safety; or complying with Chapter 234.051, F.S., regarding school bus safety requirements for those services provided through a school board; and
 2. Assuring compliance with local, state, and federal laws, and Commission policies relating to drug testing. Conduct drug and alcohol testing for safety sensitive job positions within the coordinated system regarding pre-employment, randomization, post-accident, and reasonable suspicion as required by the Federal Highway Administration and the Federal Transit Administration.
- I. Comply with Commission insurance requirements by maintaining at least minimum liability insurance coverage in the amount of \$200,000 for any one person and \$300,000 per occurrence at all times during the existence of this Agreement for all transportation services purchased or provided for the transportation disadvantaged through the Community Transportation Coordinator. Upon the execution of this Agreement, the Coordinator shall add the Commission as an additional **named insured** to all insurance policies covering vehicles transporting the transportation disadvantaged. In the event of any cancellation or changes in the limits of liability in the insurance policy, the insurance agent or broker shall notify the Commission. The Coordinator shall insure that contracting transportation operators and coordination contractors also maintain the same minimum liability insurance, or an equal governmental insurance program. Insurance coverage in excess of \$1 million per occurrence must be approved by the Commission and the local Coordinating Board before inclusion in the Transportation Disadvantaged Service Plan or in the justification of rates and fare structures. Such coverage may be provided by a self-insurance program established and operating under the laws of the State of Florida and written verification of insurance protection in accordance with Section 768.28, Florida Statutes, shall be provided to the Commission upon request.

- J. Safeguard information by not using or disclosing any information concerning a user of services under this Agreement for any purpose not in conformity with the local, state and federal regulations (45 CFR, Part 205.50), except upon order of a court, written consent of the recipient, or his/her responsible parent or guardian when authorized by law.
- K. Protect Civil Rights by:
 - 1. Complying with state and federal laws including but not limited to laws regarding discrimination on the basis of sex, race, religion, age, disability, sexual orientation, or national origin. The Coordinator gives this assurance in consideration of and for the purpose of obtaining federal grants, loans, contracts (except contracts of insurance or guaranty), property, discounts, or other federal financial assistance to programs or activities receiving or benefiting from federal financial assistance and agreeing to complete a Civil Rights Compliance Questionnaire if so requested by the Commission.
 - 2. Agreeing that compliance with this assurance constitutes a condition of continued receipt of or benefit from federal financial assistance, and that it is binding upon the Coordinator, its successors, subcontractors, transferee, and assignees for the period during which such assistance is provided. Assure that all operators, subcontractors, subgrantee, or others with whom the Coordinator arranges to provide services or benefits to participants or employees in connection with any of its programs and activities are not discriminating against those participants or employees in violation of the above statutes, regulations, guidelines, and standards. In the event of failure to comply, the Coordinator agrees that the Commission may, at its discretion, seek a court order requiring compliance with the terms of this assurance or seek other appropriate judicial or administrative relief, to include assistance being terminated and further assistance being denied.
- L. To the extent allowed by Section 768.28, Florida Statutes, and only to the monetary and other limitations contained therein, indemnify and hold harmless the Commission and all of the Commission's members, officers, agents, and employees; purchasing agency/entity officers, agents, and employees; and the local, state, and federal governments from any claim, loss, damage, cost, charge or expense arising out of any act, action, neglect or omission by the Coordinator during the performance of this Agreement, whether direct or indirect, and whether to any person or property to which the Commission or said parties may be subject, except that neither the Coordinator nor any of its sub-contractors will be liable under this section for damages arising out of injury or damage to persons or property directly caused or resulting from the sole negligence of the Commission or any of its members, officers, agents or employees; purchasing agency/entity, officers, agents, and employees; and local, state, or federal governments. Nothing herein is intended to serve as a waiver of sovereign immunity by any agency/entity or Coordinator to which sovereign immunity may be applicable. Nothing herein shall be construed as consent by a state agency/entity or political subdivision of the State of Florida or the federal government to be sued by third parties in any matter arising out of any Agreement or contract. Notwithstanding the foregoing, pursuant to Section 768.28, Florida Statutes, no agency or subdivision of the state shall be required to indemnify, insure, or assume any liability for the Commission's negligence.

- M. Comply with standards and performance requirements of the Commission, the local Coordinating Board approved Transportation Disadvantaged Service Plan, and any purchase of service contracting agencies/entities. Failure to meet the requirements or obligations set forth in this MOA, and performance requirements established and monitored by the local Coordinating Board in the approved Transportation Disadvantaged Service Plan, shall be due cause for non-payment of reimbursement invoices until such deficiencies have been addressed or corrected to the satisfaction of the Commission.
- N. Comply with subcontracting requirements by executing or negotiating contracts for transportation services with Transportation Operators and Coordination Contractors, and assuring that the conditions of such contracts are maintained. The requirements of Part 1, Paragraph E.5. through M are to be included in all contracts, subcontracts, coordination contracts, and assignments made by the Coordinator for services under this Agreement. Said contracts, subcontracts, coordination contracts, and assignments will be reviewed and approved annually by the Coordinator and local Coordinating Board for conformance with the requirements of this Agreement.
- O. Comply with the following requirements concerning drivers and vehicles:
 - 1. Drivers for paratransit services, including coordination contractors, shall be required to announce and identify themselves by name and company in a manner that is conducive to communications with the specific passenger, upon pickup of each rider, group of riders, or representative, guardian, or associate of the rider, except in situations where the driver regularly transports the rider on a recurring basis. Each driver must have photo identification that is in view of the passenger. Name patches, inscriptions or badges that affix to driver clothing are acceptable. For transit services, the driver photo identification shall be in a conspicuous location in the vehicle.
 - 2. The paratransit driver shall provide the passenger with boarding assistance, if necessary or requested, to the seating portion of the vehicle. The boarding assistance shall include opening the vehicle door, fastening the seat belt or utilization of wheelchair securement devices, storage of mobility assistive devices, and closing the vehicle door. In certain paratransit service categories, the driver may also be required to open and close doors to buildings, except in situations in which assistance in opening/closing building doors would not be safe for passengers remaining on the vehicle. Assisted access must be in a dignified manner. Drivers may not assist wheelchair up or down more than one step, unless it can be performed safely as determined by the passenger, guardian, and driver.
 - 3. All vehicles shall be equipped with two-way communications in good working order and be audible to the driver at all times to the base.
 - 4. All vehicles providing service within the coordinated system, shall have working air conditioners and heaters in each vehicle. Vehicles that do not have a working air conditioner or heater will be scheduled for repair or replacement as soon as possible.

P. Comply with other requirements as follows:

1. Transport an escort of a passenger and dependent children as locally negotiated and identified in the local Transportation Disadvantaged Service Plan.
2. Determine locally in the Transportation Disadvantaged Service Plan, the use, responsibility, and cost of child restraint devices.
3. Transport with the passenger at no additional charge, passenger property that can be carried by the passenger and/or driver in one trip and can be safely stowed on the vehicle. Additional requirements may be negotiated for carrying and loading rider property beyond this amount. Passenger property does not include wheelchairs, child seats, stretchers, secured oxygen, personal assistive devices, or intravenous devices.
4. Provide shelter, security, and safety of passengers at vehicle transfer points.
5. Post a local or other toll-free number for complaints or grievances inside each vehicle. The local complaint process shall be outlined as a section in the local Transportation Disadvantaged Service Plan including advising the dissatisfied person about the Commission's Ombudsman Program as a step within the process as approved by the local Coordinating Board.
6. Provide out-of-service-area trips, when determined locally and approved by the local Coordinating Board, except in instances where local ordinances prohibit such trips.
7. Keep interior of all vehicles free from dirt, grime, oil, trash, torn upholstery, damaged or broken seats, protruding metal or other objects or materials which could soil items placed in the vehicle or provide discomfort for the passenger.
8. Determine locally by the local Coordinating Board and provide in the local Transportation Disadvantaged Service Plan the billing requirements of the Community Transportation Coordinator. All bills shall be paid to subcontractors within 7 calendar days after receipt of said payment by the Coordinator, in accordance with Section 287.0585, Florida Statutes.
9. Maintain or have access to a passenger/trip database on each rider being transported within the system.
10. Provide each rider and escort, child, or personal care attendant adequate seating for paratransit services. No more passengers than the registered passenger seating capacity shall be scheduled or transported in a vehicle at any time. For transit services provided by transit vehicles, adequate seating or standing space will be provided to each rider and escort, child, or personal care attendant, and no more passengers than the registered passenger seating or standing capacity shall be scheduled or transported in a vehicle at any time.
11. First Aid shall be determined locally and provided in the local Transportation Disadvantaged Service Plan.

12. Cardiopulmonary Resuscitation shall be determined locally and provided in the local Transportation Disadvantaged Service Plan.

II. The Commission Shall:

- A. Recognize the Coordinator as the entity described in Section 427.011(5), Florida Statutes, and Rule 41-2.002(4), F.A.C.
- B. Attempt to insure that all entities with transportation disadvantaged funds will purchase transportation disadvantaged services through the Coordinator's system.

III. The Coordinator and the Commission Further Agree:

- A. Nothing in this Agreement shall require the Commission to observe or enforce compliance with any provision thereof, perform any other act or do any other thing in contravention of any applicable state law. If any of the provisions of this Agreement is found by a court of law to violate any applicable state law, the purchasing agency/entity will at once notify the Commission in writing in order that appropriate changes and modifications may be made by the Commission and the Coordinator to the end that the Coordinator may proceed as soon as possible with the provision of transportation services.
- B. If any part or provision of this Agreement is held invalid, the remainder of this Agreement shall be binding on the parties hereto.
- C. Termination Conditions:
 1. Termination at Will - This Agreement may be terminated by either party upon no less than thirty (30) days notice, without cause. Said notice shall be delivered by certified mail, return receipt required, or in person with proof of delivery.
 2. Termination for Breach - Unless the Coordinator's breach is waived by the Commission in writing, the Commission may, by written notice to the Coordinator, terminate this Agreement upon no less than twenty-four (24) hours notice. Said notice shall be delivered by certified mail, return receipt requested, or in person with proof of delivery. Waiver by the Commission of breach of any provision of this Agreement shall not be deemed to be a waiver of any other breach and shall not be construed to be a modification of the terms of this Agreement, and shall not act as a waiver or estoppel to enforcement of any provision of this Agreement. The provisions herein do not limit the Commission's right to remedies at law or to damages.
- D. This agreement will expire unless an extension is granted to the Coordinator in writing by the Commission, in accordance with Chapter 287, Florida Statutes.
- E. Renegotiations or Modifications of this Agreement shall only be valid when they have been reduced to writing, duly approved by the Commission, and signed by both parties hereto.

F. Notice and Contact:

The name and address of the contract manager for the Commission for this Agreement is: **Executive Director, 605 Suwannee Street, MS-49, Tallahassee, FL 32399-0450**. The representative/position of the Coordinator responsible for administration of the program under this Agreement is:

Mr. Chad Hockman,

50 South Military Trail, Suite 101, West Palm Beach, FL 33415

In the event that either party designates different representatives after execution of this Agreement, notice of the name and address of the new representative will be rendered in writing to the other party and said notification attached to originals of this Agreement.

This document has been reviewed in its entirety and approved by the local Coordinating Board at its official meeting held on June 14, 2017.

Coordinating Board Chairperson

WITNESS WHEREOF, the parties hereto have caused these presents to be executed.

Appendix B – Government Regulation and Funding Programs

Chapter 427, Florida Statutes

From 1974 through 1979, two agencies, the Department of Transportation (DOT) and the Department of Health and Rehabilitative Services (HRS), created an interagency agreement to begin coordination of transportation activities. By 1978, the Legislature was very much supportive of the concept of coordinated transportation. The Legislature created Chapter 427, Florida Statutes, in 1979. Created within the Florida Department of Transportation (FDOT) was a Coordinating Council who oversaw and reviewed what every state agency was doing and the TD funds expended in the area.

The CTD was created by the Florida Legislature in 1989 to accomplish the coordination of transportation services provided to the transportation disadvantaged. It was created as an independent agency located in the Department of Transportation for administrative and fiscal purposes. In all respects, the CTD operates independently with rule-making as well as budget authority and administers the Transportation Disadvantaged Trust Fund.

Florida Administrative Code 41-2

To implement the provisions of Chapter 427, Florida Statutes, a series of rules and regulations were developed and adopted in 1989. They were later amended and adopted again in 1992 and 1993 as per Rule 41-2, Florida Administrative Code. This code details the day-to-day requirements and responsibilities for activities mandated under Chapter 427, F.S.

Americans with Disabilities Act (ADA)

On July 26, 1990, Federal Civil Rights Legislation was signed into law. The Americans with Disabilities Act (ADA) of 1990 mandated equal opportunity for persons with disabilities in employment, state and local government services, public accommodations, commercial facilities, and transportation. The ADA had a significant impact on the services transit offers, the way it conducts business and the equipment it uses. The requirements for transportation within the ADA are similar to the provisions of Chapter 427 and implement a proposed rule including requirements for providing paratransit services for disabled individuals.

Section 5310: Enhanced Mobility of Seniors and Individuals with Disabilities Program

Enhanced Mobility of Seniors and Individuals with Disabilities Program (Section 5310) is a Federal Program administered by FDOT. The purpose of the grant program is to assist non-profit agencies and Community Transportation Coordinators to purchase small buses or vans to transport their elderly and/or disabled clients. This grant program does not cover operating expenses. Capital costs associated with the purchase of vehicles are funded at 80% of costs by the 5310 Program, 10% by FDOT and the remaining 10% by the applicants that receive an award. This grant program is offered annually. Application deadlines are usually early in the calendar year. Activities previously eligible under the 5317 New Freedom program are now eligible under the 5310 program.

Section 5307: Urbanized Area Formula Program

The Urbanized Area Formula Funding program (Section 5307) is a Federal Program administered by FDOT. This program provides grants to Urbanized Areas (areas greater than 50,000 in population) for public transportation capital, planning, job access and reverse commute projects, as well as operating expenses in certain circumstances. These funds constitute a core investment in the enhancement and revitalization of public transportation systems in the nation's urbanized areas, which depend on public transportation to improve mobility and reduce congestion.

Eligible Recipients

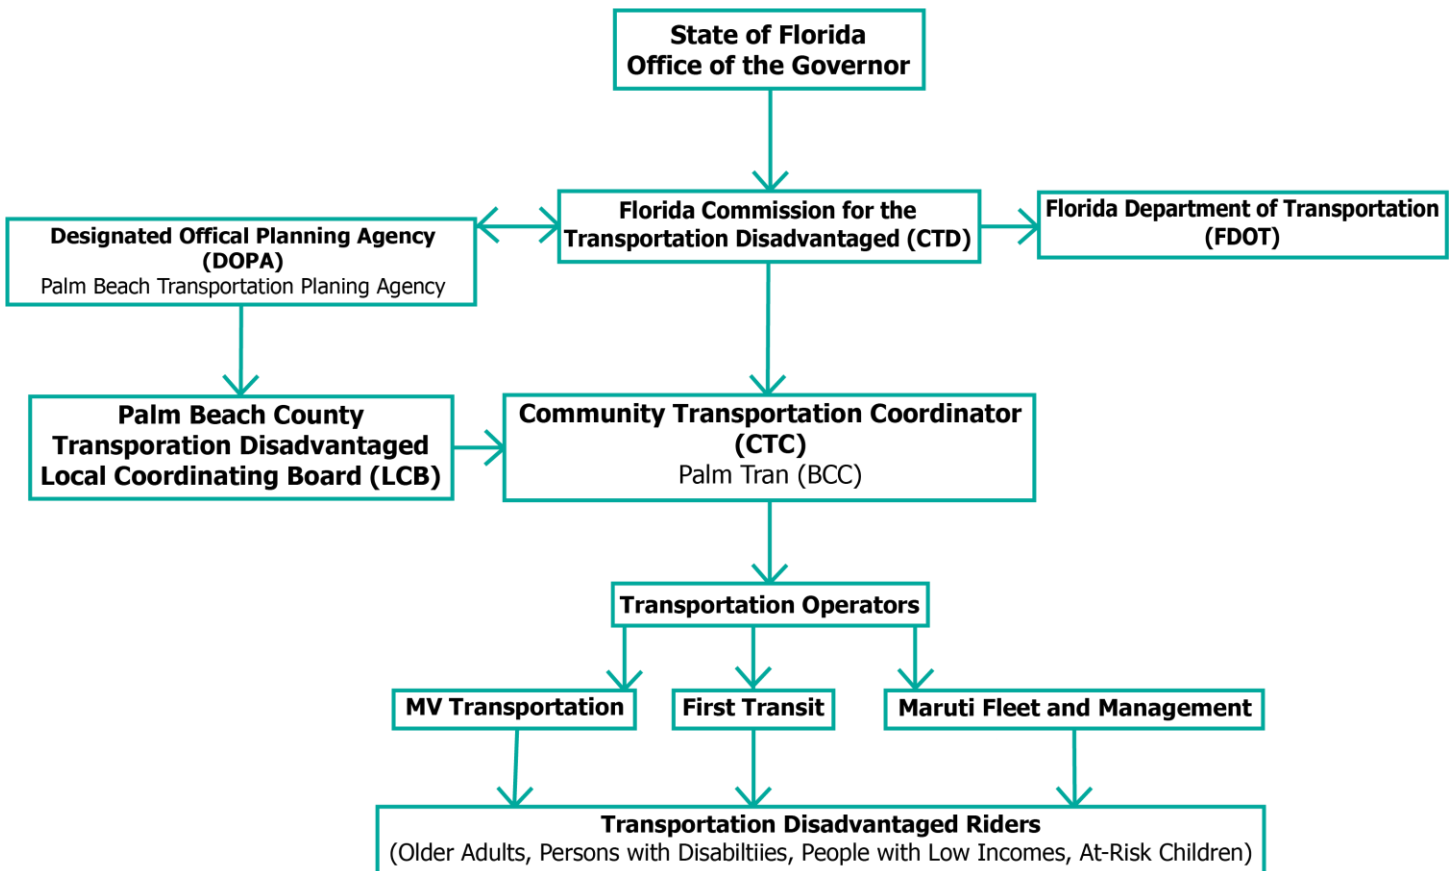

FTA apportions funds to designated recipients, which then sub-allocate funds to state and local governmental authorities, including public transportation providers.

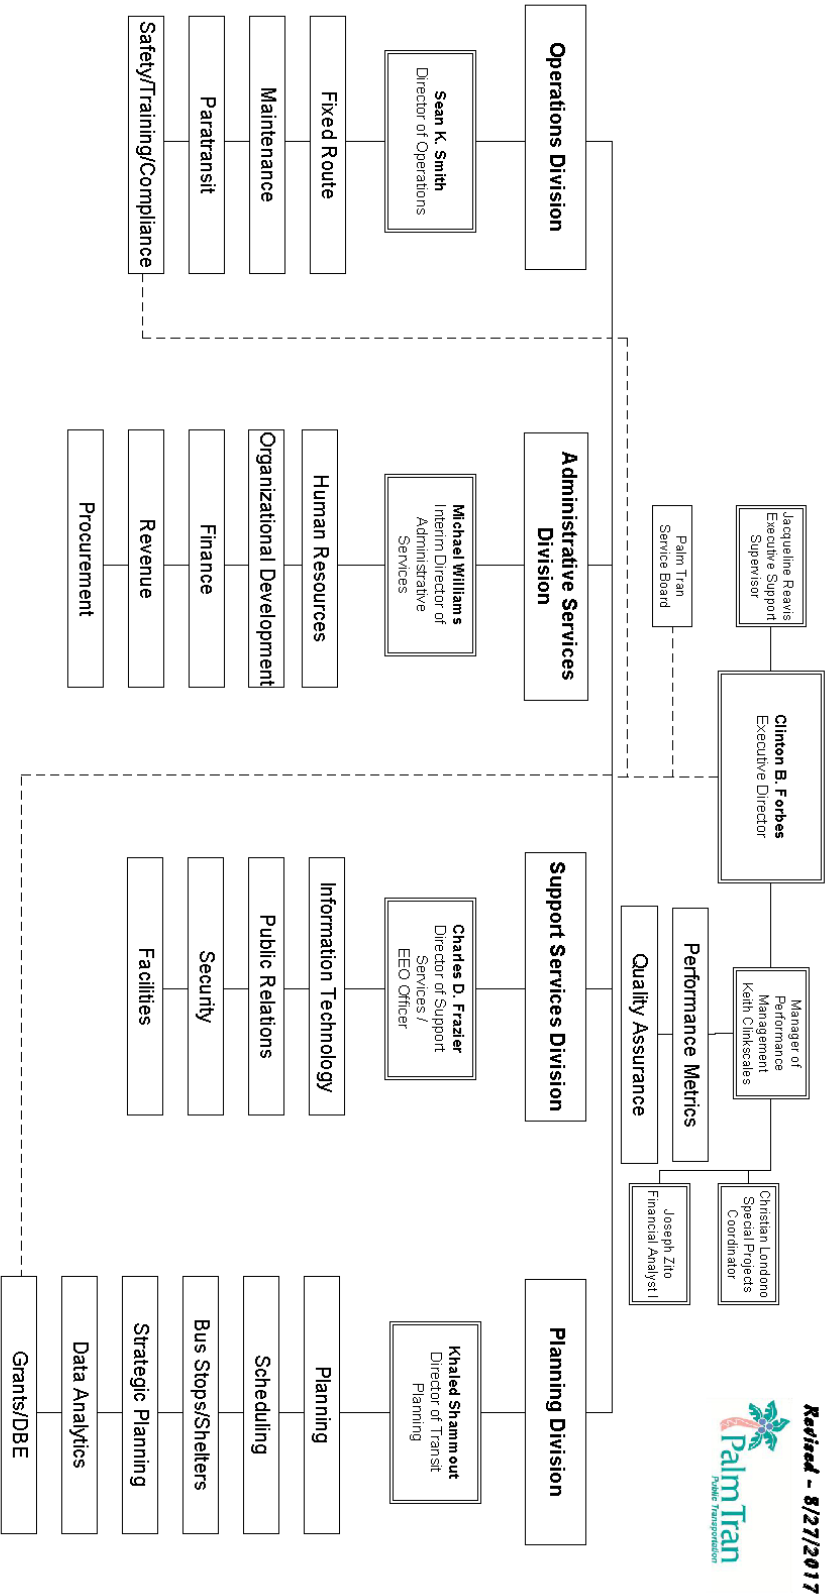

Eligible Activities

- Capital projects
- Planning
- Operating costs in areas with fewer than 200,000 in population
- Operating costs, up to certain limits, for grantees in areas with populations greater than 200,000, and which operate a maximum of 100 buses in fixed-route service during peak hours (rail fixed guideway excluded)

The 5310 program will match up to 80% for capital assistance and 50% for operating assistance. The 5310 program will match 80% for Americans with Disabilities Act (ADA) non-fixed paratransit service using up to 10% of a recipient's apportionment.

Appendix H – Goals, Objectives, Strategies, and Implementation Schedule

	Objective	Strategy	Measure	Responsible Party	Implementation Date
Goal 1: Provide the highest level of accessible and available fixed route bus service to the Transportation Disadvantaged.					
1.1	Regularly monitor performance of all fixed route buses to ensure accessibility.	Assign staff to investigate and record performance measures and improvement	Report breakdowns and/or direct observation.	CTC	Ongoing
1.2	Provide ongoing training to all bus operators, dispatchers and road supervisors to ensure sensitivity for and awareness of the needs and challenges facing those who are TD.	Train drivers on accessibility, equipment operations and sensitivity to the needs of TD riders. Retrain if problems are reported.	Training logs, Customer Service reports and Customer satisfaction surveys.	CTC	Ongoing
Goal 2: Increase the utilization of the fixed route system by those who are Transportation Disadvantaged and ADA.					
2.1	Increase the number of estimated associated bus pass trips by 10%.	Promote and distribute bus passes through social service agencies and to individual riders.	Track the number of bus passes distributed and funds saved. Report findings in Monthly Operating Report.	CTC	Ongoing
2.2	Implement programs to educate our customers about the availability, accessibility and affordability of the fixed route system through our outreach efforts	Promote outreach through word of mouth, brochures and Program updates. Focus Outreach/Volunteer program on rider and agency education while promoting the use of fixed route.	Track the outreach through the Monthly Operating Report and Ridership numbers	CTC, LCB	Ongoing
2.3	Create effective means of communication whereby our customers can give input to Palm Tran staff about the system's performance through our Rider's Meetings and LCB Meetings.	Hold riders meetings and encourage riders to attend PTSB meetings. Get feedback from the riders.	Meeting minutes and public comments. Rider surveys.	CTC	Ongoing

2.4	Encourage eligible paratransit riders to use fixed route bus.	ADA eligible riders can use the fixed route for free by showing their ADA ID. TD riders can utilize the CTC's Bus Pass program.	Fixed route ridership numbers and bus pass totals. Compare the cost of a Fixed route trip with the cost of a paratransit trip to access cost savings.	CTC	Ongoing
Goal 3: Provide cost-effective door-to-door services for those transportation disadvantaged individuals who are unable to access the fixed route transit system.					
3.1	Continue to develop an effective in-house quality assurance program which accurately assesses the program's service quality.	Incorporate in program design by utilizing Service Coordinators and other staff with trip checks and Inspections.	Complaints, commendations, TD input and public comment	CTC, LCB	Ongoing
3.2	Continue the financial projections of trip trends to prevent denying trips due to funding constraints.	Use Fiscal Analyst to continually monitor all moneys and run reports utilizing the Trapeze software and Crystal Reports.	Monthly Operating Report, fund allocation, amount of denials	CTC	Ongoing
Goal 4: Create relationships with agencies providing transportation services to the transportation disadvantaged that enhance and maximize coordination and cost effectiveness.					
4.1	Assist agencies who provide their own transportation services to their TD Riders to continue their programs in a high quality and cost-effective manner.	Jointly assess needs and sources of funding and assistance. Encourage use of the FDOT 5310 program.	Ongoing success of agency programs.	CTC, LCB	Ongoing
Goal 5: Ensure that transportation services provided to the transportation disadvantaged are provided in the most appropriate and cost-effective manner possible, given the guidelines of Chapter 427, Florida Statutes and Section 41-2, Florida Administrative Code.					
5.1	Continue Palm Tran's combined ADA/TD eligibility certification to determine the eligibility of individuals for paratransit.	Palm Tran staff evaluates and improve joint eligibility process.	Certifications, recertification's and appeals.	CTC	Ongoing
5.2	Advise agencies to identify the appropriate mode of transportation for individuals who are TD.	Service Coordinators will advise agencies during annual inspections and monitoring.	Annual Inspections and Annual Operating Report	CTC, LCB	Ongoing

5.3	Develop and maintain comprehensive Monthly reports to assess status of program.	Provide Monthly Operating Reports (MOR) on program activities to LCB and other interested parties.	Feedback from LCB meetings and public.	CTC, LCB	Ongoing
5.4	Continue meeting with Subcommittee of PTSB to discuss program.	Establish quarterly meetings and additional meetings when needed with Subcommittee.	Feedback from meetings will help with program.	CTC	Ongoing
5.5	Conduct marketing of TD services.	Create and distribute Riders Guide, Quick Facts & brochure.	Amount of materials distributed and response to printed materials.	CTC	Ongoing
Goal 6: Establish policies and procedures that ensure program effectiveness and integrity.					
6.1	Ensure compliance of the transportation operators and all agencies with coordination contracts.	Inspections and daily monitoring of operators & Coordination contracts.	Monitoring reports & inspections.	CTC	Ongoing
6.2	Continue grievance procedure that promotes problems identification and resolution at the local level.	Monitor grievance procedure and improve where necessary.	Number of grievances which are not resolved locally.	CTC, LCB	Ongoing
6.3	Implement a comprehensive Training Program for all aspects of the Trapeze Software including Customer service and Sensitivity Training for all Connection employees.	Trainer and Software Specialist to develop and conduct the training program. Bring outside trainers to conduct various training such as the Sensitivity training.	Review call hold times, Customer Service surveys, complaint and commendation reports.	CTC	Implemented in 2006 and Training is ongoing
Goal 7: Ensure the Human Service Transportation Coordinated Plan is developed in compliance with all Federal regulations.					
7.1	Establish planning process for coordinated plan.	Ensure TD Board/Task Force includes representation of all recommended entities.	Approved TD Board/Task Force representation at meetings.	CTC/MPO	2008

7.2	Coordinated Plan includes overview of all existing transportation services and identifies gaps in transportation services for persons with disabilities, older adults and low income populations.	Every three years complete a county-wide transportation survey of public, private, and non-profit transportation providers and analyze existing ridership statistics, and input from public and Task force. Every three years hold a Human Services Transportation Summit for input.	Completed Survey and Data analysis and input from public participation and Task Force. Every three years create updated program and prioritization list from the Human Services Transportation Summit.	Task Force/ CTC/MPO	2008 & Every 3 Years
7.3	Coordinated Plan identifies potential coordinated opportunities and prioritizes implementation strategies.	Input from public, Task Force, and Human Services Transportation Summit	Statistical review of coordinated opportunities as to their success in meetings needs. Outcome from Human Services Transportation Summit.	Task Force/ CTC/MPO	2008

Appendix I – Bus Pass Program Guidelines

Palm Tran Connection Bus Pass Guidelines

Agency Eligibility and Administrative Requirements

- A. Prior to participating in the program, Agencies must submit a written request on Agency stationary to Palm Tran Connection. The request must outline the Agency's target population and type of services performed. The letter must contain the names of individuals responsible for the Agency bus pass program and be signed by the Agency's Executive Director or equivalent.
- B. Agencies may only sell one 31 day bus pass to any individual in any one month period or two 31 day bus passes in any two month period.
- C. In order to be eligible to receive bus passes, agencies will adhere to and ensure that their Customers follow Section 427 FL Statutes and the guidelines listed herein this document. Agencies must always comply with all of the requirements outlined in the Bus Pass Guidelines document.
- D. Only fully completed, authorized original signature "Agency Bus Pass Registration and Eligibility Form" and "Agency Bus Pass Distribution Log" will be accepted by Palm Tran CONNECTION. Facsimile and photocopies will not be accepted for submission. However, "Agency Bus Pass Order" forms may be faxed. Failure to comply will result in a delay in processing bus pass orders. Clients and/or Agencies will be contacted to complete missing information and/or bring the documentation into compliance. Any Agency that is found to be non-compliant will be suspended. Agencies will be audited to ensure compliance.

Client Eligibility and Registration Requirements

- A. Clients must complete and return their "Bus Pass Registration and Eligibility Form". If certified, the client's certification will remain in effect for one (1) year and may be adjusted depending on changes in need, income level or funds available.
- B. Applicants must recertify every year (written application only).
- C. Homeless riders should use their shelter or Agency address.
- D. Clients must present unexpired verifiable proof that their annual household income is below 150% of the Federal Poverty Level Guidelines, a photo ID and proof of their legal status as outlined in the chart below:

<u>New – Client Legal Status</u>	<u>Revised – Client Photo ID</u>	<u>Revised – Proof of Income</u>
U.S. Drivers License	U.S. Drivers License	Social Security SEQY/TPQY
State ID Card	State ID Card	Retirement/Pension
Voter Registration Card	Passport	Income Tax
Social Security Card	Dept. Of Corrections ID	Unemployment
U.S. Birth Certificate	Veterans Affairs ID	Pay Stub (2)

SYSTEM SAFETY PROGRAM PLAN**

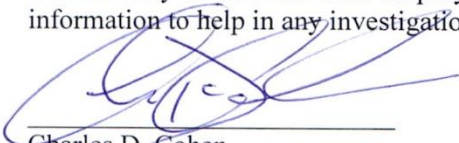

TO: Palm Tran EMPLOYEES
FROM: MANAGEMENT
SUBJECT: SYSTEM SAFETY PROGRAM PLAN POLICY STATEMENT

Palm Beach County Surface Transportation Department was organized to provide safe, courteous, clean, reliable and effective on-time service to Palm Beach County residents within its operating area.

Palm Beach County shall strive to operate as safely as possible. All Palm Tran (hereinafter known as “Palm Tran”) personnel and appropriate contractors are charged with the responsibility of ensuring the safety of employees, property, passengers and those who come in contact with the system.

Palm Tran Management, the Safety Committee and the Training Division are charged with the responsibility to implement, devise and coordinate a comprehensive System Safety Program Plan (SSPP) with specifics and activities to prevent, control and resolve unsafe conditions which may occur as a result of our operations. This authority includes the right to temporarily suspend any operation which may be determined to be hazardous or creating an unsafe condition.

It is the duty of all Palm Tran employees to cooperate with management and provide them with any requested information to help in any investigation or inspection they may undertake.

Subject: System Safety and Security Certification

Dear Ms. Meli:

This is certification to FDOT verifying adoption and compliance of a System Safety Program Plan (SSPP) and a Security Program Plan (SSP) in accordance, at a minimum, with established standards set forth in Chapter 14-90.

Should you have any questions, please contact Jeanne Rougeau at 561-841-4215.

Sincerely,

Charles D. Cohen
Deputy Director, Fixed Route

Appendix L – No-Show and Late Cancellation Policy Review

The following represents Palm Tran Connection's No-Show policy. This policy was developed within the parameters of the American's with Disabilities Act using examples of the best practices from other transit agencies. The purpose of this process is to deter and/or address chronic no-shows in order to improve Palm Tran Connection's efficiencies and effectiveness.

The American's with Disabilities Act states:

"The entity may establish an administrative process to suspend, for a reasonable period of time, the provision of complementary paratransit service to ADA paratransit eligible individuals who establish a pattern or practice of missing scheduled trips."

In developing this policy, Palm Tran Connection has attempted to present a policy which allows staff to reduce the current no-show and late cancellation rates, while balancing the needs of our customers. There were four (4) components to this review; defining no-shows, educating the customer, monitoring occurrences, and enforcing of the policy. Finally, this takes into account many factors, including:

- Setting realistic expectations of customers and drivers;
- Consistently applied operating procedures, particularly with respect to dispatch and drivers declaring an apparent passenger no-show;
- Providing a means for passengers to cancel trips as far in advance as possible, including during times when Connection may not be open for business;
- Thorough documentation based on a reliable, consistent method of recording no-shows and late cancellations;
- A system for sending letters to notify passengers about excessive no-shows;
- An effective process for determining excused no-shows based on consistently applied criteria;
- A way to monitor no-shows and late cancellations on an ongoing basis and to impose suspensions at the appropriate time; and
- A recognition that imposing sanctions on this population must be done with due process and concern for individuals who may rely on ADA paratransit as their only source of transportation.

Definitions:

Advance Cancel: When the customer notifies Connection that the service is no longer needed. The cancellation must be made before close of business the day before the scheduled service day.

Same Day Cancel: A cancellation which occurs after the close of business the day before the date of service and up to 90 minutes prior to the scheduled pickup window.

Late Cancel: A cancellation which occurs within 90 minutes before the start of the pickup window. For the purposes of enforcement, late cancels will count as one half of a no-show.

No-Show: When the customer fails to contact our office to inform us of a cancellation and fails to board the vehicle when it arrives to transport him/her within the pick-up window.

If the customer “no-shows” or cancels the first leg of a trip, the corresponding return trip is not automatically cancelled. The customer must call Palm Tran Connection’s customer service line and cancel the trip. A demonstrated pattern of no-shows is a serious disruption of service. No-shows which exceed ten percent (10%) of scheduled trips within a rolling thirty-day (30) period will be grounds for service suspension.

Major Changes to Policy:

- Time allowed for the trip to be documented as a cancellation has been changed from 180 minutes to 90 minutes. This will allow for adequate time to notify the driver of the cancellation and additional time to attempt to schedule other trip(s) into that time slot.
- The policy ties the number of no-shows to the number of trips.

No-Show Policy:

Palm Tran Connection defines a valid no-show as occurring when all (or some) six (6) of the following circumstances have occurred:

1. The customer (or the customer’s representative) has scheduled paratransit service.
2. There has been no call by the customer or his/her representative to cancel the scheduled Trip/Trips.
3. The paratransit vehicle has arrived at the scheduled pick-up point within the specified pick-up window.

4. The customer has failed to board the vehicle within five (5) full minutes after the driver's arrival. The five (5) minute wait time cannot start until the beginning of the agreed to and confirmed pick-up window.
5. The driver has waited and made a good faith effort to locate the customer. (The driver cannot lose sight of the vehicle nor enter the pickup location).
6. The driver has contacted their dispatcher who has made one last attempt to contact the customer through the phone number on file.

No-shows will not be charged when the no-show is beyond the control of the customer, such as medical reasons.

Valid No-Show 1 Occurrence

Late Cancel 0.5 Occurrence

Any customer charged with valid no-shows which exceed one (1) occurrence for every ten (10) scheduled trips per thirty (30) day period, with a minimum of three (3) occurrences, shall be considered as violating the No-Show policy.

First Occurrence: Warning Letter

Second Occurrence: 14-day Suspension and Loss of Subscription

All Subsequent Occurrences: 30-days Suspension

Customers will receive two (2) weeks' notice of any suspension. Notice of suspension will include the dates of all valid no-shows/late cancels. Service will continue to be provided while any appeal is pending.

If any customer no-shows the "going" trip on two (2) consecutive days, staff will automatically cancel all trips until contact is made with the customer to confirm service is still needed.

Appeals Process:

Any customer who has been determined to be in violation of the Palm Tran Connection No-Show Policy will have the right to appeal the decision through the Senior Manager of Palm Tran Connection and/or the locally approved Grievance board whose decision is binding and final.

Appendix M – Local Grievance Procedure

Palm Beach County Transportation Disadvantaged Local Coordinating Board

FY 2019 Grievance Procedures

Approved by the TDLCB
September 25, 2018

FY 2019 TDLCB Grievance Procedures

ARTICLE 1: PREAMBLE

Section A: Preamble

The following sets forth the grievance procedures that shall serve to guide the Palm Beach County Transportation Disadvantaged Local Coordinating Board, serving to assist Palm Tran Connection, the Community Transportation Coordinator. The intent is to provide procedures and policies for fulfilling the requirements of Chapter 427, Florida Statutes (FS), Rule 41-2, Florida Administrative Code (FAC), and subsequent laws setting forth requirements for the establishment of grievances or complaints from agencies, users, potential users, subcontractors, and other interested parties.

ARTICLE 2: DEFINITIONS, NAME, LEGAL STATUS, AND PURPOSE

Section A: General Definitions

Commission for the Transportation Disadvantaged (also known as the "Commission"): an independent state agency created to accomplish the coordination of transportation services provided to the transportation disadvantaged population.

Community Transportation Coordinator (also known as the "CTC" or "Coordinator"): a transportation entity recommended by the appropriate planning agency as provided for in Section 427.015(1), Florida Statutes, and approved by the Commission, to ensure that coordinated transportation services are provided to serve the transportation disadvantaged population in a designated service area.

Designated Official Planning Agency (also known as the "DOPA"): the official body or agency designated by the Commission to fulfill the functions of transportation disadvantaged planning in areas not covered by a Metropolitan Planning Organization (MPO). The Metropolitan Planning Organization shall serve as the planning agency in areas covered by such organizations.

Local Coordinating Board (also known as the "LCB"): advisory entity in each designated service area composed of representatives appointed by the Metropolitan Planning Organization or DOPA, to provide assistance to the community transportation coordinator relative to the coordination of transportation services.

Metropolitan Planning Organization (also known as the "MPO"): organization responsible for carrying out transportation planning and programming in accordance with the provisions of 23 U.S.C. s. 134, as provided in 23 U.S.C. s. 104(f)(3).

Transportation Disadvantaged (also known as "TD"): those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are disabled or high-risk or at-risk as defined in Section 411.202, Florida Statutes.

Transportation Operator: one or more public, private for profit, or private non-profit entities contracted by the Community Transportation Coordinator to provide service to transportation disadvantaged persons pursuant to a coordinated transportation service plan.

Section B: Definition of Service Complaint and Formal Grievance

Service Complaint: Service complaints are routine incidents that occur on a daily basis. They are reported to the driver, dispatcher, or to other individuals involved with the daily operations of the CTC, and are resolved within the course of a reasonable time period. Service complaints may include but are not limited to: late trips, no-show by transportation operator, no-show by client, client behavior, driver behavior, passenger discomfort, and service denial.

Formal Grievance: A formal grievance is a written complaint by the grievant documenting any concerns or an unresolved service complaint regarding the operation or administration of TD services by a transportation operator, CTC, DOPA or LCB. A grievance may include but is not limited to: chronic, recurring, or unsolved service complaints, violations of specific laws governing TD services, contract disputes, coordination disputes, agency compliance, conflicts of interest, supplanting of funds, and billing or accounting procedures.

Section C: Name

The name of the subcommittee to hear grievances or complaints for the Palm Beach County TDLCB shall be the "Grievance Subcommittee".

Section D: Legal Status of Subcommittee

The LCB is an advisory body. It is established in section 427.157, FS, to advise the Commission and the CTC about local concerns and issues. Florida Statutes define an advisory body as: a body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives. The Grievance Subcommittee may make recommendations to the LCB regarding Formal Grievances.

Section E: Purpose

The purpose of the Grievance Subcommittee is to process and investigate unresolved grievances from agencies, users, transportation operators, potential users of the system and the CTC, and make recommendations to the LCB or to the Commission for improvement of service. The Grievance Subcommittee does not possess adjudicative or determinative powers.

ARTICLE 3: MEMBERSHIP, APPOINTMENT, TERMS OF MEMBERS

Section A: Membership

The Grievance Subcommittee shall be comprised of a minimum of three (3) voting members of the LCB. The Subcommittee shall elect a Chair.

Section B: Appointment

Members shall be appointed to the Grievance Subcommittee by the LCB Chair. The LCB Chair reserves the right to make reappointments to the Subcommittee should any conflicts of interest arise. Planning staff serve as facilitators to the grievance process but do not serve on the Grievance Subcommittee.

Section C: Terms of Members

Members of the Grievance Subcommittee shall serve at the pleasure of the LCB Chair for the duration of the grievance for which they are appointed. Members of the Subcommittee may be removed for cause by the LCB Chair.

Quorum shall be a simple majority. Meetings shall be held at such times as the Subcommittee may determine and/or as necessitated by the grievance procedure.

ARTICLE 4: Resolution Process

Section A: Complaint Procedure

1. The CTC records all complaints that come from agencies, users, transportation operators, and potential users of the system, through email, phone calls, social media, letter, and in-person and determines to whom the complaint should be directed for research and resolution via the Customer Complaint Department.
2. When a complaint is received, the person filing the complaint is interviewed and the information collected is recorded in the CTC's customer service system.
 - a. If the complaint is safety related, it is forwarded to the Contract Compliance Supervisor who must respond within 24 hours.
 - b. If the complaint is not safety-related, the applicable Contractor must respond with 48 hours.
 - c. On-time performance complaints are reviewed by the Service Supervisor for scheduling or a dispatch error.

3. CTC staff investigates complaints by reviewing on-board recorded videos, interviewing other riders that were also on-board the vehicle during the incident, reviewing software system notes, reviewing the driver's manifest, and interviewing the driver.
4. Following the investigation, complaints are ruled as valid, not valid, documented, excused, or LQD (liquidated damages). All complaints remain on the Driver's record regardless of resolution.
5. The CTC reviews all Contractor responses to complaints and is the final arbiter as to whether or not complaints have been adequately resolved by the Operator.
6. The party is notified of the resolution of the complaint via postcard or by letter, as applicable.
7. If the CTC is unsuccessful at resolving the complaint through the process outlined in Section A or the party is not satisfied with the resolution, the party may follow the Formal Grievance procedure outlined in Section B.

Section B: Formal Grievance Procedure

The LCB Formal Grievance procedures are:

1. The party shall have ten (10) working days from the date on the CTC's resolution of the complaint to decide if the proposed resolution is agreeable.
2. If the party is not satisfied with the outcome, they may submit a written request for a Formal Grievance. The grievance shall be sent to:

Palm Beach Transportation Planning Agency
Local Coordinating Board Grievance Subcommittee
2300 North Jog Road, 4th Floor
West Palm Beach, FL 33411

The written grievance must contain the following:

- a. Name and address of the grievant;
 - b. Statement of the grounds for the grievance supplemented by supporting documentation, made in a clear and concise manner; and
 - c. Explanation by the grievant of the improvements needed to address the complaint.
3. Upon receipt of a Formal Grievance, the DOPA shall have ten (10) working days to contact the grievant via telephone, mail, or e-mail to indicate that the Formal Grievance is sufficient and that it has been filed or additional information is necessary to file the grievance.
4. The DOPA shall arrange a meeting between the involved parties in an attempt to assist them in reaching a desirable solution. The meeting shall take place within fifteen (15) working days of the filed date of the Formal Grievance. The DOPA shall prepare a report regarding the meeting outcome which shall be sent to the Grievant and the Grievance Subcommittee Chair within ten (10) working days of the meeting.

5. If the Grievant is not satisfied with the proposed resolution outlined in Step 4, the Grievant may request a hearing by the Grievance Subcommittee.
6. The DOPA shall have ten (10) working days to contact the Grievance Subcommittee members and set a future grievance hearing date and location. The Grievant and all involved parties shall be notified of the hearing date and location at least five (5) working days prior to the hearing date. All Grievance proceedings shall be held at a publically noticed meeting. The Grievance Subcommittee will follow a meeting agenda in accordance with the procedures herein set forth:
 - a. Call to Order;
 - b. Presentation of Grievance
 - i. Shall also include witnesses if applicable, and
 - ii. Response of concerned parties, which shall include witnesses, if applicable;
 - c. Discussion of Grievance;
 - d. Recommendation to the LCB; and
 - e. Adjournment.
7. Upon conclusion of the hearing, the Grievance Subcommittee shall submit a written report of the hearing proceedings to the Chair of the LCB within ten (10) working days. The report must outline the grievance and the Grievance Subcommittee's findings/recommendations. The report shall be forwarded to all LCB members.
8. The CTC may avail itself of the Formal Grievance Procedures as outlined in Section B.2. through B.7.

Section C: CTD Ombudsman Program

If the Grievant is not satisfied with the resolution by the Grievance Subcommittee, they may file a formal complaint with the State's Commission for the Transportation Disadvantaged Ombudsman Program via the contact information below:

By telephone:
(800) 983-2435 (toll-free) or (850) 410-5700
Hearing or speech impaired: 711 (Florida Relay System)

By mail:
Florida Commission for the Transportation Disadvantaged
605 Suwannee Street, MS-49
Tallahassee, FL 32399-0450

By e-mail:
CTDOmbudsman@dot.state.fl.us

The DOPA will maintain copies of their Grievance Procedures and reports will be made available to the Commission Ombudsman Program, upon request.

Section D: Document Accessibility

A copy of the Grievance Procedures shall be available to anyone upon request.

All documents pertaining to the Grievance Procedures will be made available, upon request, in a format accessible to persons with disabilities.

ARTICLE 5: AMENDMENTS

Section A: General

The Grievance Procedures may be amended by a majority vote of members present, if a quorum exists, providing the proposed change(s) is/are provided to all members at least seven (7) days in advance of the meeting.

ARTICLE 6: CERTIFICATION

The undersigned hereby certifies that he/she is the Chair of the Local Coordinating Board and that the foregoing is a full, true and correct copy of the Grievance Procedures of this Local Coordinating Board as adopted on the 29th day of August 2018.

Approved: _____

Steven Grant, Chair

Program These Rates Into Your Medicaid Encounter Data				

Appendix O – Glossary of Terms

Actual Expenditure Report (AER): An annual report completed by each state member agency and each official planning agency, to inform the Commission in writing, before September 15 of each year, of the specific amount of funds the agency expended for transportation disadvantaged services.

Agency for Healthcare Administration (AHCA): Their mission is Better Health Care for All Floridians, and together they are responsible for the administration of the Medicaid program, for the licensure and regulation of health facilities and for providing information to Floridians about the quality of the health care they receive in Florida.

Agency for Persons with Disabilities (APD): The Agency Supports Persons with Developmental Disabilities in Living, Learning and Working in their Community.

Americans with Disabilities Act (ADA): Prohibits the discrimination of disabled citizens in employment, public services, transportation, public accommodations and telecommunications.

Annual Operating Report (AOR): An annual report prepared by the community transportation coordinator detailing its designated service area operating statistics for the most recent operating year.

Annual Performance Report (APR): An annual report issued by the commission for the Transportation Disadvantaged that combines all the data submitted in the Annual Operating Reports and the CTD Annual Report.

Chapter 427, Florida Statutes (F.S.): The Florida Statute establishing the Commission for the Transportation Disadvantaged and prescribing its duties and responsibilities.

Commission for the Transportation Disadvantaged (CTD): An independent state agency created to accomplish the coordination of transportation services provided to the transportation disadvantaged population

Community Transportation Coordinator (CTC): A transportation entity recommended by the appropriate planning agency as provided for in Section 427.015(1), Florida Statutes, and approved by the Commission, to ensure that coordinated transportation services are provided to serve the transportation disadvantaged population in a designated service area. *In Palm Beach County, the CTC is Palm Tran Connection*.

Coordination: The arrangement for the provision of transportation services to the transportation disadvantaged in a manner that is cost effective, safe, efficient, and reduces fragmentation and duplication of services. Coordination is not the same as total consolidation of transportation disadvantaged services in any given service area.

Coordination Contract: A contract between the community transportation coordinator and an agency who receives transportation disadvantaged funds and performs some, its own services, and services to others, when such service has been and proven to be a safer, more effective and more efficient service from a total system perspective.

The Department of Education (DOE): Assists with the following programs for those with disabilities: 1) The Division of Blind Services; 2) Exceptional Education & Student services administers programs for students with disabilities and for gifted students; 3) The Division of Vocational Rehabilitation serves as an employment resource for businesses and people with disabilities.

Department of Elder Affairs (DOEA): The Florida Department of Elder Affairs has been constitutionally designated by Florida voters to “serve as the primary state agency” responsible for administering human services programs for the elderly to help them keep their self-sufficiency and self-determination.

Department of Health (DOH): Their mission is to promote, protect and improve the health of all people in Florida.

Designated Official Planning Agency (DOPA): The official body or agency designated by the CTD to fulfill the functions of transportation disadvantaged planning in areas not covered by a Metropolitan Planning Organization. The Metropolitan Planning Organization shall serve as the planning agency in areas covered by such organizations. *In Palm Beach County, the DOPA is the Palm Beach Transportation Planning Agency*.

Division of Senior Services (DOSS): Funded by Older American Act funds through the Department of Elder Affairs and the Area Agency on Aging and through Board of County Commissioner (BCC) funds for customers traveling to DOSS meal sites.

Elderly & Disabled Program (E&D): Provides funding, allocated by a formula, to states for capital projects to assist in meeting the transportation needs of older adults and persons with disabilities.

Florida Administrative Code (FAC): A set of administrative codes regulating the state of Florida.

Florida Coordinated Transportation System (FCTS): A transportation system responsible for coordination and service provisions for the transportation disadvantaged as outlined in Chapter 427, Florida Statutes.

Florida Department of Transportation (FDOT): A governmental entity; the CTD is housed under the Florida Department of Transportation for administrative purposes.

Local Coordinating Board (LCB): The LCB is an advisory board. It is established in section 427.0157, Florida Statutes, to advise the CTD and CTC about local concerns and issues. Florida Statutes define an advisory board as: a body created by specific statutory enactment and appointed to function on a continuing basis for the study of the problems arising in a specified functional or program area of state government and to provide recommendations and policy alternatives.

Memorandum of Agreement (MOA): The state contract included in the transportation disadvantaged service plan for transportation disadvantaged services purchased by federal, state, or local government transportation disadvantaged funds. This agreement is between the Commission and the community transportation coordinator and recognizes the community transportation coordinator as being responsible for the arrangement of the provision of transportation disadvantaged services for a designated service area.

Metropolitan Planning Organization (MPO): The area-wide organization responsible for conducting the continuous, cooperative and comprehensive transportation planning and programming in accordance with the provisions of 23 U.S.C.s. 134, as provided in 23 U.S.C.s. 104.

Non-Sponsored Trip: A trip in which is not subsidized in part or in whole by any local, state, or federal government funding source, other than the Transportation Disadvantaged Trust Fund.

Rule 41-2, F.A.C.: The rule adopted by the Commission for the Transportation Disadvantaged to implement provisions established in Chapter 427, F.S.

Sponsored Trip: A passenger trip that is subsidized in part or in whole by a local, state, or federal government funding source (not including money provided by the TD Trust Fund)

System Safety Program Plan (SSPP): A documented organized approach and guide to accomplishing a system safety program set forth in Florida Rule 14-90.

Transportation Disadvantaged (TD): Those persons who because of physical or mental disability, income status, or age are unable to transport themselves or to purchase transportation and are, therefore, dependent upon others to obtain access to health care, employment, education, shopping, social activities, or other life-sustaining activities, or children who are disabled or high-risk or at-risk as defined in Section 411.202, Florida Statutes.

Transportation Disadvantaged Service Plan (TDSP): A three-year implementation plan, with annual updates developed by the CTC and the DOPA which contains the goals the CTC plans to achieve and the means by which they plan to achieve them. The plan shall be approved and used by the LCB to evaluate the coordinator.

Transportation Disadvantaged Trust Fund (TDTF): A fund administered by the CTD in which all fees collected for the transportation disadvantaged program shall be deposited. The funds deposited will be appropriated by the legislature to the Commission to carry out the Commission's responsibilities. Funds that are deposited may be used to subsidize a portion of a transportation disadvantaged person's transportation costs which are not sponsored by an agency.

Transportation Operator: One of more public, private for profit, or private non-profit entities contracted by the CTC to provide service to transportation disadvantaged persons pursuant to a coordinated transportation service plan.

Will-Calls: These are trips that are requested on a demand response basis, usually for a return trip. The transportation provider generally knows to expect a request for a will-call trip, but cannot schedule the trip in advance because the provider does not know the exact time a passenger will call to request his/her trip.
